Allows target practice

Village board adds Deep Lake acres

by GLORIA DAVIS

In a unanimous move, the Antioch Village Board approved the annexation of the 74 acres that make up the Cicero Investment Club's property on Deep Lake Rd., just north of Rte. 173.

A codicil in the annexation ordinance designates that the property can be used for target shooting until it is either sold to another party or developed.

The board also agreed to set up a meeting between representatives of the Antioch Community Library, the village street department, the village board and the Antioch Baseball Leagues to try and iron out differences over league members and audiences parking in the library's parking lot.

A letter to the board from the head of the library board, Mel Knirsch, complained that despite repeated objections, baseball patrons continue to fill the library's parking spaces, leaving library patrons nowhere to park.

Joe Huber, head of the the streets department, said that the last tournament games of the year saw the library's parking lot filled with baseball

fans "because, with the safety barriers up in the driveway, I don't think they know how to get to the parking lots in the back."

Huber added that the barriers can't be removed or the many kids that frequent the Williams Park area will be at risk running back and forth across Rte. 83.

The board turned down a request from a private promoter to hold a rockfest concert and a beer garden sponsored by the Antioch Jaycees, for the benefit of Muscular Dystrophy, in Williams Park in September.

Although the board appreciated the good intentions of the benefit, they voiced the feeling that Williams Park was not the place to hold such a gathering, suggesting that the promoter look into the possibilities of holding the concert at the Lake County Fairgrounds.

Trustee Mabel Lou Weber said that she felt holding that kind of public gathering in the pavilion donated to the village by the Antioch Lions Club violated the intended purpose of a place to hold community events.

In other business the board:

- approved an additional \$4,500 expenditure to put a one-inch overlay on Depot St. to Longview until the street renovation set for that area takes place inside of two years. This was done at the behest of Trustee Don Amundsen

- accepted a bid of \$34,125 from Skokie Valley Asphalt for the blacktopping of village streets.

- accepted the bid from Pedersen GMC of \$15,929 for the purchase of a dump truck.

Lions picnic ready to go on Sunday

One of Antioch's biggest outdoor events of the year, the annual Antioch Lions Club Barbecue and Farmers Picnic and Rescue Squad Auction is coming up on Sunday at Williams Park.

These are the Lions and rescue squad's main fundraisers which draw hundreds of people from Antioch, the township and surrounding communities.

Members of the Lions Club will do a mass barbecuing of chicken all day, and many fine items will be auctioned off in the biggest sale of its kind held annually in the area. New and old items donated by businesses, club members and residents will be sold to the highest bidders in the Lions Pavilion. Refreshments and games for the children will add to the family festivity.

Area Girl Scouts have booming year

During the past school year girls in the Antioch, Emmons, Grass Lake, and Millburn Schools have had many opportunities opened to them through Girl Scouting.

The Brownies had a great time at their "Girls Making the News" lock-in. The Junior lock-in, "Boogie All Night", was preceded by a Halloween Dance for all ages.

Troops experienced the joy of sharing through the "Circle of Warmth" program in December. During April girls in kindergarten and first grade took part in an all day event and learned that Daisy and Brownie Girl Scouts can do many things.

May found the girls boarding buses to join girls from Illinois, Indiana, and Wisconsin at Brookfield Zoo for Girl Scout Day at the zoo. The girls again boarded the bus to make some waves at Rockford's Magic Waters in July. These events were all in addition to

activities planned by their individual troops and by the Illinois Prairie Girl Scout Council. It's been a busy year.

Plans are already under way for an even better year starting this fall. The excitement will begin Aug. 13 with the girls participating in the Antioch Firemen's 75th Anniversary Parade. Following the parade, each age level will host a booth at William's Park. The service unit will also have a booth where parents may register their girls for the 1988-89 year. The registration fee is \$4.

September will find the Brownies enjoying another lock-in. The Junior girls will be having a great time Sept. 30 through Oct. 2 when they take part in the first ever "Junior Jamboree" at Happy Hollow in East Troy, Wis.

All age levels will again have an opportunity to share in the spirit of giving with the "Circle of Warmth" program.

Dads will have their chance to enjoy Girl Scout fun in February when they will be the guests at the Dad's and Daughter's Valentine Dinner. The whole community will become involved in March when we celebrate Girl Scout Week.

In addition to the traditional ceremonies the girls will be sponsoring a pancake breakfast and a craft show. They have plans to be visable in each and every parade to march the streets of the community.

Big Brothers/Big Sisters seek new volunteers

More than 13 million children in the U.S. are growing up in one-parent families. The patterns of instability and upheaval in family life continue to take their toll. Big Brothers/Big Sisters of Lake County is meeting this challenge by matching children, ages five through fourteen, with responsible adults who are willing to spend three to five hours a week for a minimum of one year with them. Share your talents, interests and life ex-

periences with a child from a single parent home in Lake County.

Learn more about the program at the volunteer orientation meeting on Monday, Aug. 3, at the BB/BS office located at 4213 Grove Ave., Gurnee, from 6 to 8 p.m.

For more information and to make your orientation reservation, call (312)360-0770.

Doctors agree to care pact

The Lake County Health Dept. announced that the prenatal program was re-opened when two obstetricians agreed to provide the necessary prenatal care.

The prenatal program provides prenatal medical examinations, lab tests, nutrition information, educational programs and home visits by a registered nurse. Participants are also eligible for supplemental food through the Women, Infants and Children Special Supplemental Food Program (WIC).

To be eligible for services at this time, women must be no more than six months pregnant, on Public Aid (Medicaid) or Veteran's or Township Assistance, or meet the WIC financial

guidelines.

Prenatal care is important in reducing infant death, intensive and costly sick-newborn care, and disability

for the mother. Inadequate nutrition and medical care for pregnant women can result in high risk pregnancies and premature or low birth weight babies.

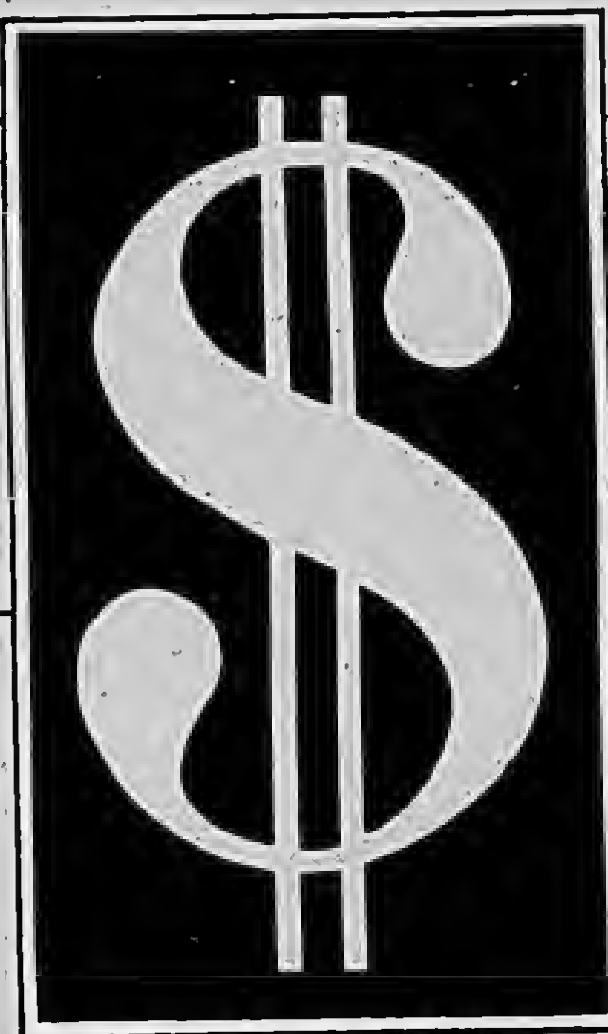

Clinics are now being held at the Belvidere Medical Building, 2400 Belvidere, Waukegan. It is hoped that they will be extended to Zion, North Chicago, and Round Lake Park in the near future.

Pregnant women in need of prenatal health care should call 360-6715 for eligibility information and an appointment.

Koren Kiesgen (left) and Dorothy Dolon pour over some of the submissions for "20 years and Still Cooking," a book of recipes being produced by CLC staff members. "We've got everything here from soup to nuts!" said Kiesgen.

CLC cook book cooks as recipes pour in

Hundreds of recipes were submitted for the "20 Years and Still Cooking" commemorative recipe book being produced by the classified staff of the College of Lake County.

Staff members Dorothy Dalan and Karen Kiesgen, chairs of the committee of volunteers coordinating the effort, report that recipes range from hors d'oeuvres to desserts, with appetizers, liquid refreshments, main courses and other

categories in between. "We even have some tongue-in-cheek submissions from those who'd rather use a can opener than a mixer," says Kiesgen. Recipes came from staff, faculty, former and current students, friends of the college and local restaurants.

The book is being produced as part of the college's twentieth anniversary celebration. Books sell for \$5 each. Sales will benefit the new Talent/Leadership Award Scholarships sponsored by the CLC Foundation.

Cookbook committee members include Rich Denikas, Pat Doucet, Susie Doucet, Nancy Franz, Audrey Grote, Pat Oilschlager, Rose Peters and Kathy Pierce.

"This staff loves to cat," says Kiesgen. "And this book is proof of it!" adds Dalan.

To place an advance order for the book, phone CLC's Office of Public Relations at (312)223-6601, ext. 243.

NORTH STAR TRAVEL, INC.

Your attention, please! Final call for Vancouver, the Canadian Rockies, San Francisco, Los Angeles, the West Edmonton Mall, Williamsburg, Glacier National Park, Las Vegas, Nashville, Mexico's Copper Canyon, Washington, D.C., and intermediate points. All Aboard!

These and many other destinations are now offered as escorted rail tours by Amtrak's Tour Division. Great trains such as the California Zephyr, the Polar Bear Express, the Empire Builder and the Atlantic Limited are used for these special tours.

Why a rail tour?

You can read about the spectacular scenery once you leave the dull flatlands of the midwest, but until you've actually experienced having dinner on a westward bound Zephyr and looking out at a crystal clear river bordered by white-capped mountains you won't understand. Even the farm fields of Illinois seem like a Norman Rockwell painting come to life when seen from a train.

Now Amtrak has put together fully escorted tours by rail to the most scenic points in the U.S.A., as well as Canada and Mexico. These tours include private sleeping accommodations. All meals on the train, hotel accommodations at stop-over points, guided sightseeing tours and a tour director to make sure things go right.

Tours I would recommend? There's one called the Golden West Rail Ramble. Included is a couple of days in San Francisco. The picturesque Pacific coastline, a visit to the unbelievable Hearst castle and a couple of days in Los Angeles. Also included is a stop-over in Las Vegas and, above all, the spectacular Colorado Rockies.

For something a little different, try the Mexican Copper Canyon. It's deeper and longer than our own Grand Canyon. Your train will pass through no less than 86 tunnels and numerous high trestles. You'll also visit the cave-dwelling Tarahumara Indians who live in the canyon.

Top soloist will sing Sunday

Deltha Jefferson, a gifted young soloist from Cleveland, Ohio, will sing at the next program offered by Chain of Lakes Community Bible Church. It will be Sunday, Aug. 7, at 6 p.m. in the church's temporary facility at the Antioch Veterans of Foreign Wars home on North Ave. in Antioch just east of Rte. 83. This is the fifth in the church's series called Ten Outstanding Summer Nights.

Jefferson aspires to a lifelong ministry through music. When in Cleveland she sings

Firemen's Days this weekend

Lake Villa is preparing for one of the village's biggest events of the summer—Firemen's Days. The 55th annual event started Thursday and will continue through Sunday, Aug. 7, in Lehmann Park.

There will be carnival rides with a merry-go-round, ferris wheel, booths, dunk tank, food and refreshment stands.

Water fights for firemen will be Saturday, Aug. 6, in the park at 4 p.m. They will continue until a champion is selected. Represented will be up to 25 departments from northern Illinois and southern Wisconsin.

Water fights for teams of men and women business people of Lake Villa will be in the park

on Sunday, Aug. 7, at 1 p.m. Water for both fights will be pumped from Cedar Lake.

Richmond installs

The American Legion Auxiliary of the Paul Hoffman Unit 253 is scheduled to install its new officers at 8 p.m. on Thursday, Aug. 11.

Scouts go 'zooing'

Girls Scouts from Emmons, Grass Lake and Millburn schools odd visit to Brookfield Zoo to their busy year's agenda. Area Scouts will be participating in the Antioch Firemen's 75

Birthday celebration by marching in the parade and hosting booths at Williams Park on Saturday, Aug. 13.

Antioch Chamber boosting many upcoming happenings

Antioch has many entertaining and worthwhile events coming up, reports the Antioch Chamber of Commerce.

On Aug. 7, the Lions Club Chicken Barbeque and Rescue Squad Auction in Williams Park will take place.

On Aug. 13, the Antioch Fire Dept.'s 75th Anniversary Parade starts at 10 a.m. A special celebration will take place in Williams Park at 1 p.m. that afternoon.

On Aug. 25, the Antioch Jayces are sponsoring a circus at the Petty Grade School. Performances will be at 4:30

and 7:30 p.m.

On Oct. 1, The Antioch Rotary Club Pork Chop BBQ and Auction will be held at the VFW Hall on North Ave. at 5:30 p.m.

The next meeting of the Chamber will be held at the new Comfort Inn on Aug. 2 at 11:30 a.m. Everyone can plan on joining. The Chamber welcomes input from all.

The Chamber's fall quarterly meeting will be on Oct. 19 from 6:30 to 8:30 p.m.

The Chamber also wishes to thank

everyone for the extra special effort they have put forth to keep Antioch looking its finest for residents and all the summer visitors.

Special thanks go to Joanne Linker and her crew for all the hours they put in that made our RV/Boat/Auto Show a huge success—even with the 100-degree heat.

Also, on the "thank you" list should be Peggy VanPatten for all her work on the Arts & Crafts Fair. Thanks also to her many helpers, especially Vivian Tauscheck, the Chamber secretary, who is always working beyond her call of duty.

The Chamber of Commerce, in its effort to make Antioch better, and therefore more desirable to its residents and newcomers, has decided that the community has a real need for outdoor drinking fountains. As a special project, the Chamber will have three water fountains installed at various locations around town. The only definite location so far is next to the Chamber's office and the village hall in the park-like area.

It's fair to say that the single biggest request the Chamber Office gets is for a map of Antioch. There has been a

problem in the past because the Chamber didn't have a good map of Antioch. The Chamber has decided the best solution is to produce a map on its own.

Roger Sorensen and Jack Thelen have taken charge, and the project is nearing completion. The map, of which 4,000 copies will be printed, will be of Antioch Twp., including a street index. The reverse side will include a county map showing where Antioch is in relation to surrounding communities.

Also included on the map will be a brief history of Antioch; a list that includes the village and township offices' phone numbers and addresses; a "how and who to" contact about changing utilities, etc.; and some general community information. The map will be helpful for everybody, but is especially geared to new or potential residents or the community.

Thanks go to Community Development Dir. Don Davis for his extra efforts and assistance with the map. The board of directors appreciates his expertise and contacts.

Financing the map will be coordinated by the Chamber office.

Tavern League renews push drop drinking age

by GLORIA DAVIS

Despite the fact that many statistics show that drinking-driving accidents involving drivers between the ages of 18-21 have lessened greatly since the

enforcement agencies named "Blood Alley" in 1981, says that policing the 21-year-old drinking age is impossible.

Meisgeier now owns one quiet restaurant on the site of one of those bars.

Law enforcement agencies and municipalities in southeastern Wisconsin have backed the 21-year-old law.

So have those agencies in Illinois, since that state's teens are no longer driving long miles to and from the drinking spas in Wisconsin.

Since it has been reported that many Wisconsin taverns have either lost a lot of business, or closed since the 21-year-old law went into effect two years ago, and since the fact that the liquor lobby has long been one of Wisconsin's strongest, it will be interesting to see which wins, the idea of partially protecting the lives of both state's teens or bringing more business to the area's bars.

Wedding

Barrett-Zitkus

Jennifer Barrett and Les Zitkus exchanged their wedding vows on May 29 at the Trinity Lutheran Church in Long Lake. Pastor W. Paul Wegg officiated the double ring ceremony.

The couple chose this wedding date in honor of the bride's parents 34th wedding anniversary in the same church.

The bride is the daughter of George and Greta Barrett of Ingleside. The groom is the son of Lester and Nancy Zitkus of Wise, Va.

The bride's gown was in candlelight taffeta, with a sweetheart neckline enhanced with pearls and sequins. The veils were made by the bride's mother, with three strands of pearls and a starburst of pearls on the sides.

Kara Watts served as the maid of honor. Julie Bruggen served as the matron of honor. Bridesmaids included Sharon Datlovsky and Debbie Bousson. Christina Daudelin, Michelle Palazzo, Amanda Palazzo were the flower girls.

Best man was David Zitkus. Groomsmen included John Andre, George Bessette, and John Silanoff. John Barrett and George Barrett were ushers, with Ryan Daudelin as the ring bearer.

A reception for the newlywed couple was held at Hunter Country Club. A honeymoon trip to Gatlinburg, Tenn. was planned.

The bride is a graduate of Grant High School in Fox Lake and attended

She was born Eleanor Sheblak in Milwaukee, on March 30, 1901, a daughter of the late John and Elizabeth Sheblak. She entered the noviate of the Benedictine Sisters of Holy Family Priory, Benet Lake, Wis., Sept. 6, 1952, and professed her final vows Sept. 3, 1957.

She celebrated the Silver Jubilee of her religious profession Oct. 7, 1979. She came to Mount St. Benedict Infirmary in November 1987.

She was a talented seamstress and, before entering the convent, worked for a prominent church goods supply company in Milwaukee.

She was also a housekeeper at St. John's Cathedral Rectory in Milwaukee.

As a Benedictine Sister, she devoted many years of service to clerical work in the mailing department of Our Faith Press, Benet Lake. She was also missioned in Tulsa, Okla., at Maria Goretti Home, and in San Antonio, Texas as a parish catechetical worker.

She is survived by a sister-in-law, Mrs. Meta Woods of Clearwater, Fla., and cousins, Mr. and Mrs. Ralph Spiegelhoff Sr. of Burlington, Wis.

Fechtners attend confab

Ray and Edna Fechtner, formerly of Lake Catherine, Antioch, attended the Wisconsin Baha'i Summer School in Fond du Lac, Wis. for five days. The Fechtners have attended this school for eight years, every summer, since the school began.

The five day session closed with group singing of Baha'i songs, focusing on the unity of mankind, the unity of religion and the unity of God's prophets.

The Fechtners have been Baha'is for over 40 years.

Swim team

The State Bank of Antioch has sponsored the Antioch Swim Team for over 20 years. The bank supplies conference fees in the conference in which the swim team competes each year and also ribbons and trophies for tournaments such as the Antioch Invitational in which Antioch placed second this year. The swim team has a record number of members this year, rising from a membership of 50 a few years ago to the 1988 membership list of 130.

Antioch has everything, but not many mosquitoes—yet

by CAROLYN HAMMOND
(312)395-6081

Well, Maxwell Street Days are over, the "dog days" of August have arrived, and the mosquitoes haven't. Since we've had a whole summer of August weather, what else is new? Hasn't it been nice to be able to sit outside in the evening all summer long without being bothered by those

League managers. There will be three games played. All T-Ball parents and players should mark their calendars for Sunday, Aug. 28. Games will be played at 1, 2 and 3 p.m. at Little League Field. Each T-Ball player will receive a free hot dog and pop after their games.

Lest you forget, this will be the last week for registration for Antioch Vikings Youth Football

roof of the Lions' pavilion as you enjoy your dinner, watch or participate in the auction, and see all your old friends. All activities begin at noon; all proceeds from the auction go to the Antioch Rescue Squad, one of Lake County's finest.

School begins in three weeks. Hooray!!

Notes & News

miserable pests? Do you suppose they'll stay away the rest of the season? Wouldn't that be something?

The two-week Antioch Invitational All-Star Baseball Tournament for 10-year-olds and 11-year-olds held recently at Little League Field was really something, too. Sixteen teams from Lake and McHenry Counties competed for the championship and runner-up honors. Unfortunately for us, Antioch teams did not progress that far. On Saturday, July 30, Crystal Lake beat McHenry to win the crown in the 10-year-old division. In the 11-year-old division, the positions were reversed, with McHenry the champion and Crystal Lake the runner-up.

Roger Giza, league president, and Exec. Vice Pres. Doug Lang extend their thanks to all the members of Antioch Youth Baseball who worked very hard to make this tournament such a great success.

According to them, the field and park were never in better shape. An extra special thanks to Joan Giza and Dee Lang for the long hours of work in the concession stand is also extended. Now plans are already being made for next year.

Anyone wishing to become involved in Antioch Youth Baseball should be aware that elections for the executive board will be held in mid-August at the Antioch Senior Center. Anyone interested in a board position can call Roger Giza at (312)395-7976 after 4 p.m. to let him know of the interest.

Another first—for the first time, the Antioch Youth Baseball T-Ball teams will be competing against each other managed by Little

League managers. Sign-up times will be 6 to 9 p.m. on Friday, Aug. 5, at the Scout House, 741 Main St., and noon to 3 p.m. on Saturday, Aug. 6, in the east parking lot of Antioch High School. Participants will receive their equipment in order to begin practice at noon on Aug. 6. For more information, call (312)395-5770.

One weekend down, and two to go, is how the east of PM&L's "Tom Jones" sees it. This weekend there will be three performances for one to catch this delightful play—8 p.m., Friday, Aug. 5, and Saturday, Aug. 6; and at 2:15 p.m. on Sunday, Aug. 7. Don't miss it! Prices are \$5 for adults and \$4 for students and senior citizens. And, oh yes, the theatre is air-conditioned. Call the ticket line at (312)395-3055 for reservations.

Don't want to cook? Come up to the annual Lions Club Farmer's Picnic Chicken Bar-B-Que and Rescue Squad Auction at Williams Park, 741 Main St. on Sunday, Aug. 7. That's where all the action will be. Just think how cool it will be to sit under the

SECTION 7. in accordance with Ill. Rev. Stat., Chap. 120, Sec. 864, the Board hereby determines that the amount of money estimated to be necessary to be raised by taxation for the fiscal year upon taxable property in the district, in the aggregate, and exclusive of any portion of the levy attributable to the cost of conducting an election required by the General Election Law and exclusive of the bond account, is Four Hundred Three Thousand Five Hundred and no/100 Dollars (\$403,500.00), which determination is made not less than twenty (20) days prior to the scheduled adoption of the aggregate levy ordinance; and further, the Board does find that the amount of taxes extended for 1987 will be Three Hundred Eighty-four Thousand Three Hundred Sixty-five and no/100 Dollars (\$384,365.00), and based on said extension, the requested amount of Four Hundred Three Thousand Five Hundred and no/100 Dollars (\$403,500.00) represents a 4.98% increase, and a publication in accordance with the Illinois Truth in Taxation Act will not be necessary. The amount to be raised by taxation will be allocated by fund as follows:

Corporate	\$ 322,000.00
IMRF	22,000.00
FICA	16,000.00
Audit	500.00
Liability	19,000.00
Building, Equipment & Maint.	24,000.00
	<u>\$403,500.00</u>

SECTION 8. Pursuant to Ill. Rev. Stat., 81, Sec. 1003-1, the amount appropriated in "VI. BUILDING AND EQUIPMENT FUND" is hereby appropriated for the purchase of sites and buildings, for the construction and equipment of buildings, for the rental of buildings required for library purposes, and for the maintenance, repairs and alterations of library buildings and equipment; and the amount identified as being derived from tax revenues from the 1988/89 levy in the maximum amount of Twenty-four Thousand and no/100 (\$24,000.00) Dollars is subject to a ceiling of .02 percent of the value of all the taxable property in this District, as equalized or assessed, and is authorized pursuant to Resolution No. 1987/88-1 passed on October 27, 1987, and published on November 6, 1987, in a secular newspaper of general circulation within this Library District.

SECTION 10. This ordinance shall be in full force and effect from after its passage, approval, and publication, according to law.

PASSED by the Board of Library Trustees of the Round Lake Area Public Library District, Lake County, Illinois, on this 26th day of July, 1988, by a vote of:

Each additional family member	2,548	213	49	3,626	303	70

Children from households that meet Federal guidelines are eligible for free or reduced price meals.

Application forms will be available at the time of registration. To apply for free or reduced price benefits, complete the application as soon as possible. Sign and return it to the school where their children are enrolled. Additional copies are available at the principal's office in each school. Household should answer all applicable questions on the form. An application which does not contain all of the required information cannot be processed and approved by the school. The required information is:

FOOD STAMP/AFDC HOUSEHOLDS: If you currently receive Food Stamps or "Aid to Families with Dependent Children" (AFDC) for your child, you only have to list your child's name and Food Stamp or AFDC case number, print your name and address, and sign the application.

ALL OTHER HOUSEHOLDS: If a household's income is at or below the level shown on the income scale, children are eligible for either free or reduced price meals. Households must provide the following information: (1) the names of all household members; (2) the social security numbers of each adult household member, age 21 or older, or the word "none" if an adult does not have a social security number; (3) total household income AND the amount and source of income received by each household member (such as wages, child support, etc.) and (4) the signature of an adult household member. "Household" is defined as a group of related or non-related individuals, who are not residents of an institution or boarding house, who are living together as one economic unit.

The information on the application may be verified by school or other officials at any time during the school year.

If income information is provided and children are approved for meal benefits, household must tell the school when their household income increases by \$50 or more per month (\$600 per year) or when their household size decreases. If a Food Stamp or

AFDC case number was listed, the household must tell the school when they no longer receive Food Stamps or AFDC for their child.

Households may apply for benefits at any time during the school year. If a household is not eligible but has a decrease in household income, an increase in household size or a household member becomes unemployed, the household should fill out an application at that time.

In certain cases foster children are eligible for meal benefits regardless of the household's income. If a household has foster children living with them and wishes to apply for meal benefits for them, they should complete the application.

Under the provisions of the policy, the Director of Business Affairs will review applications and determine eligibility. Households dissatisfied with the ruling of the official may wish to discuss the decision with the determining official. The household also has the right to a fair hearing. This can be done by calling or writing the following official: the Superintendent, 316 South Rosedale Court, Round Lake, Illinois 60073; phone 546-5522.

In the operation of the child feeding programs no child will be discriminated against on the basis of race, color, national origin, age, sex, or handicap. If you believe you have been discriminated against, write immediately to the Secretary of Agriculture, Washington, D.C. 20250.

Schmit benefit Sunday

The benefit for arsenic-poisoning victim Deborah Nolan Schmit, will be held Sunday, Aug. 7 at the American Legion Post 1170, 111 E. main St., Round Lake Park. Dinner will be from 4 to 6 p.m., with music from 6 until 7. Donation is \$3 per person at the door.

Schmit has been left paralyzed and in a wheelchair from the poison, which Round Lake Beach Police Chief Ed Noe said that, "Some other person was the cause of her ingesting it without her knowledge."

Deborah is now released from the hospital and at home with her three sons, all of whom are being cared for by Deborah's mother Mary Schmit. Deborah had been hospitalized for over three months.

Donations for Deborah Nolan Schmit are being accepted at any Home Federal Savings and Loan of Lake County office.

Stenzel at capitol

Students from Round Lake Senior High School and across the country recently gathered in the nation's capital to witness the federal government in action during Presidential Classroom's 1988 summer Senior High School Program.

The participants were among a National Student Body of 535 top high school juniors and seniors from 44 states, Puerto Rico, and eight foreign countries.

The student representative of Round Lake Senior High School was Kristen M. Stenzel of 109 Glenwood Dr., the daughter of Richard and Christine Stenzel.

The summer session concluded the 1988 Senior High School Program, which graduated approximately 3,030 students during the seven winter sessions held in January through March.

Students met with speakers from all aspects of Washington political life including officials from the executive, legislative, and judicial branches of government.

Think transportation

The business of highway engineers is building highways. That fact might have been lost sight of several years ago when County Board leaders transformed the Lake County Highway Dept. into the department of transportation.

We can't help but feel that the current department leadership tends to view transportation needs from the viewpoint of highways. That point is coming out loud and clear as Director Martin Buehler and one of his key aides, Larry Powell, present computer scenarios of future highway needs to municipalities as part of an overall project to plan for Lake County highway needs well into the 1990s.

Our viewpoint is not to denigrate their efforts. We have the highest regard for Buehler and his staff. For our money, Lake County has the best highway department (through transportation department) in the state. It would be comforting, though, to see our

and rail potential blended into the scenarios.

We hope a letter to the editor on these pages several weeks ago didn't go unnoticed. It was excellent. The point the writer was making is that for the cost of a few miles of new highway, implementation could be made of commuter rail service on Wisconsin Central tracks running through the county. We're aware of one mayor who wholeheartedly is supporting the Wisconsin Central concept. Mayor Carl Scrimm of Round Lake Beach is planning a commuter facility along Rte. 22 north of Rollins Rd. That's visionary thinking and the type of foresight needed to provide for transportation needs of the future.

Yet, our highway network will have to be upgraded and expanded. But let's not get trapped into thinking that highways are the only solution. Remember the story about the railroad officials who thought they were in the railroad business?

Welcome, Mundelein

Mundelein officials apparently are vying up to the benefits of belonging to the Central Lake County Water Agency. Better late than never.

Executive engineering and financing arrangements will have to be made to get Mundelein into the fold, but we think they should be made and that it will be worth it for everyone concerned, especially Mundelein citizens.

Current members were disappointed when Mundelein opted out of the plan to bring Lake Michigan water inland. Mundelein officials should have noted out some purely local financial obstacles, but they didn't and that's hindsight. The important thing is that they want back on the team. Thomas Patrick Wilson is pushing for Mundelein to pay its share of costs already

incurred besides paying for a full membership.

Members of the agency include Granger, Graylake, Libertyville, Lake Bluff, the Round Lake area communities and Lake County, which represents Vernon Hills and the unincorporated communities of Kaneland, Wilmette and Roundout.

Waters of these communities approved a bonding program last spring that will insure adequate supply of water for years to come. With ground water supplies continuing to dwindle, other areas besides Mundelein undoubtedly will be wanting to climb aboard the "water wagon" in the near future. We hope these areas will be welcome. When it comes to water supply, exclusivity is no virtue.

Wrigley lights to spell start new success era

by BILL SCHROEDER

As a devoted Cub fan for half a century, turning on the lights at Wrigley Field Monday night, Aug. 1, for the first night game is a fitting way to observe the golden anniversary of my fandom.

I was never one of those people "Die Hard" Cubists who insist baseball is a daylight sport and playing under the lights is sacrilegious. That kind of thinking is not only silly, but stupid. Since 1932, the year of the last really great Cub team and the year of my ascension, the Cubs have been woefully out of step with the rest of baseball in more ways than not having lights. The franchise got fuzzy trained after Dec. 1, 1941, making goofy trades, operating without a farm system, making managers out of popular players instead of hiring pros and letting serenity in the clubhouse become more important than winning. You'll recall that the steel was purchased and lights were ready to go up for the 1942 season when Pearl Harbor was bombed. So blame is on the Japanese. Everything else is their fault these days. Isn't it?

Oh, there have been some blips of glory. Like 1945 when the Cubs won a pennant because they had more 4-F's than the other teams. Or the heroics of '68 because of the spark of the redoubtable Len Dorrner. The flag in 1984 was nice, but no one can figure out how it happened. It sure wasn't Dallas Green's brain power.

So getting in time with lights and some promising young ballplayers could reestablish the Cubs as a perennial powerhouse like they were in the '30's when they were contenders all the time—and winning titles.

Ah, that 1939 team. It had everything. Big Bill Lee was the stopper. They called him "The General". Pitching? Lefty Larry French. Charlie Root, the grizzled vet. Youth supplied by Phil Cavaretta. The infield could hit, run and throw. Have the Cubs ever had anyone better than Stan Hack at third, Billy Jurges at short and Billy Herman at second? Outfielders like Augie Galan and Frankie Demerree got the job done—every day. And the incomparable Gabby Hartnett behind the plate. Inspiration and ability. Gabby led the Cubs the whole season and then he struck THAT home off Mace Brown in the darkness to break the back of Pittsburgh. Bringing Dixie Dean over from the Cards was good for laughs and he won a few games. Only one of the greatest Yankee teams of all time prevented the 1939 Cubs from greater achievements.

It'll be a new era, all right, for the Cubs. (Please don't call them Cubbies, if you're a real fan). Now they'll be on an equal footing with the rest of the industry. You remember what happened to Nash and Studebaker? You've got to keep up with the times.

Now all we have to do is do something with those confounded vines.

Politically speaking . . .

Are politicians welcome at public picnics and functions? It all depends upon which township you're in.

Lake Villa Days in July had some of the above. The volunteer planning committee almost quit en masse when the possibility was suggested.

But the Vernon Hills Summer Celebration from Aug. 10-14 will have some fresh pressers. Those from the national or county political scene are especially welcome. As for the local candidates, they are discouraged. Those who do show up to pass out balloons, literature or just talk will have to do so in a tent set aside for this purpose.

Village Atty. Adeline Ger-Zaris, who is also a state senator for the 14th Dist., says banning politicians could be a violation of their first amendment rights. That just not in election year, either, she says.

Economic impact of this year's drought is still to be felt, say representatives of Lt. Gov. George E. Ryan staffing a booth at last month's Lake County Fair. Although the late July rains helped stem widespread damage, the 45-plus bushel per acre corn yields of past years will be history in most parts of the state.

This will affect many of the agribusiness firms that handle the harvest. Also feeling the pinch will be firms from those making popcorn, corn for cereals and syrup for everything from soft drinks to processed foods. Which, in turn, will only make the end product more costly when it reaches the supermarket shelf.

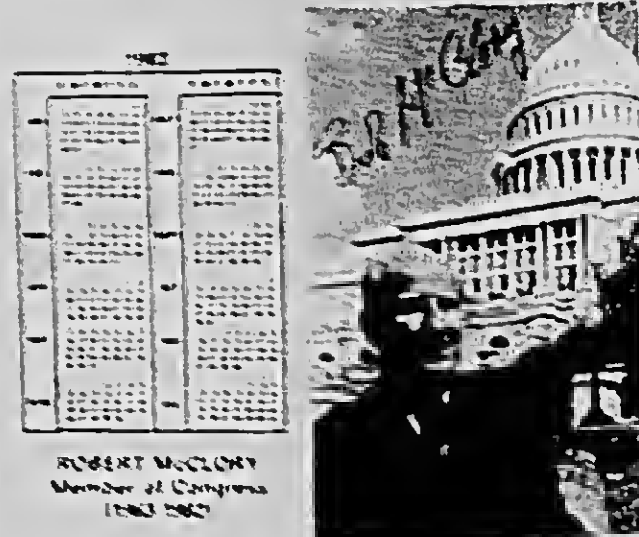

Former Congressman Robert McClory (R-Lake Bluff), who became the late Mr. McClory this week, was well known and liked for many things he did. Among them, was his venerable five-year pocket calendar given to those who asked.

The laminated folding calendar had all of the federal and calendar holidays alongside the five years. McClory was pictured in front of the nation's capital in full color.

Spotted at the Republican Federation dinner in June, the spry guy with the impish Irish grin was asked if he had any more. "Sure do," he said pulling several from his vest pocket. "I haven't had them reprinted in several years, but you're welcome to this one," he added about not having them reprinted since 1982, his last year in office. The last full year was 1987. "Hang onto this one," he said. "It may be a keepsake someday."

Indeed it is. McClory served the former 11th Dist. of Lake, McHenry and Boone counties for 20 years before it became the 10th Dist. now represented by John Porter (R-Wilmette). McClory was a great, great guy. He will be sadly missed. There is no finer way for an outstanding man to go out than he did—attending Sunday morning church services in Washington, D.C.

Here's some upcoming events to keep in mind: Cocktail reception for Sally Coffey, Republican candidate for re-election as circuit court clerk. It will be Thursday, Aug. 11, from 5 to 9 p.m. at The Landings on Milwaukee Ave. in Libertyville. Tickets are \$25 each.

ROBERT MCCLORY
Member of Congress
1963-1987

Commuters using one of the Chicago and North Western Transportation Co. lines in the Chicago area may be walking to work or looking for alternate means of transportation. The three lines carry upwards of 41,000 persons daily. The Metra northwest line is among the most profitable.

The company is willing to take a strike to implement its plan to cut two brakemen from crews. This will still leave an engineer and conductor, which the railroad says is adequate in light of today's improved technology.

Congressman John Porter (R-Wilmette) tried to avert the Aug. 1 strike by introducing legislation allowing Congress to intervene. All of this is happening following years of negotiation and a near strike last April.

Upwards of 1,500 jobs are at stake. But people like Porter know the stakes are just as high for 15,000-plus commuters from his district and McHenry County, who must get to their jobs in the Loop each day.

Don't call Lake County Sheriff Clinton "Clint" Grinnell a shrinking violet. The once-low key deputy sheriff elevated to the department's top job in March is now making his presence known on the state level. He has been appointed to three major committees with the Illinois Sheriffs' Assn.

Grinnell was named to the training, corrections and legislative committees. "His years of police work in Libertyville and on the county level will be utilized to formulate policy for the association," said Winnebago County Sheriff Donald Gasparini, president of the association.

Gov. Thompson leaves remembrance of Baxter's worldwide achievement

by IRIS MAYFIELD

Gov. James R. Thompson brought a surprise with him, while guest speaking at Baxter International Inc.'s dedication ceremony of its \$70-million William B. Graham Science Center in Round Lake, the largest of Baxter's 18 national research and development facilities.

"I'm proclaiming today William B. Graham Day in the state of Illinois, to say thank you for years of remarkable leadership."

After his standing ovation, the governor was followed at the podium by Graham's successor Vernon R. Lautz Jr., who started at Baxter as Graham's assistant.

Lautz asked the audience to imagine the vision Graham had to bring about his healthcare firsts. Lautz, standing at the podium, turned and looked at Graham sitting on the stage and said, "Bill Graham, truly you are one of the great men of our time." Graham led the company's development of the first commercially produced kidney dialysis machine, a heart-lung bypass device, blood treatment for hemophilia, and flexible plastic containers for intravenous solutions. His background is as a chemist, patent attorney, and businessman.

It has been said of Graham that this background provided him with a unique ability to recognize how scientific and technological achievements can be adapted to improve the quality of healthcare.

Kidney patient Jennifer Farrell, a young girl from Crystal Lake, addressed the group bringing a message from the National Kidney Foundation. Jennifer said, "I guess you'd have to be a kidney patient to appreciate what dialysis does, to live a healthy life. I'll be especially grateful to you, Mr. Graham, because you saw."

Thompson also declared the day as William B. Graham Day in Illinois, and presented the 77-year-old Graham with a commemorative plaque.—Photo by Iris Mayfield

Up on the stage, Jennifer handed Graham a large, old can with a Sun-sweet label on it, filled with flowers, saying "This is a giant orange juice can, like the one you used in the prototype of the original kidney machine. Then she kissed him and thanked him "for the thousands and thousands of others like me." She then left the stage and a tear-filled audience. Graham then took the microphone. "This has been a thrill. When I came in 1945 to Baxter, it was a converted auto

showroom in Glenview. Total sales were only a million and a half and very little research, but I saw a lot of opportunities. Science was my first love.

"My chance to participate in medical advancement was for Baxter to grow from a handful in Glenview to 2,000 researchers and 18 facilities around the world. The most rewarding is to see and hear Jennifer Farrell, and others who have benefited. We're deeply honored for the better health of such a delightful person."

State contracts road improvements

The Illinois Department of Transportation has awarded road improvement contracts throughout the state. The contracts total about \$78 million state-wide. The following

projects in Lake County are among the 169 projects on which bids were submitted during the May 13 and June 24 bid lettings.

Skokie Valley Asphalt Co., Inc., Grayslake, will receive \$69,701 for .92 mile of bituminous concrete resurfacing on Rte. 21 between Rtes. 41 and 132 in Gurnee.

A contract for bridge repairs on the structure of Rte. 173 over the Des Plaines River near the north limits of Wadsworth will be done by Albin Carlson and Co., Melrose Park, for \$114,226.

Bridge deck repairs on the structure carrying Rte. 21 over I-94 in Gurnee will be done by Eric Bolander Construction

Co., Inc., Libertyville, \$238,547.

Ganna Construction, Inc., Addison, was contracted to install 1.63 miles of concrete pavement, base course, and bituminous concrete surface and traffic signals on Rte. 131 from Rte. 132 to Sunset Ave. at the east edge of Gurnee, costing \$4,040,664.

Virgil Cook and Son, DeKalb, will receive \$53,015 for furnishing and installing traffic signals at the intersection of Rte. 120 and Hunt Club Rd., southwest of Gurnee.

Peter Bake and Son will do a .42 mile of bituminous concrete resurfacing project on Rte. 176 between Greenbay Rd. and Sheridan Rd. in Lake Bluff for \$51,337.

Say goodbye to 'ya'll'

For the sixth consecutive year, College of Lake County Professor Tommie Ems has been selected to present a workshop on accent reduction at the national convention of the Speech Communications Assn.

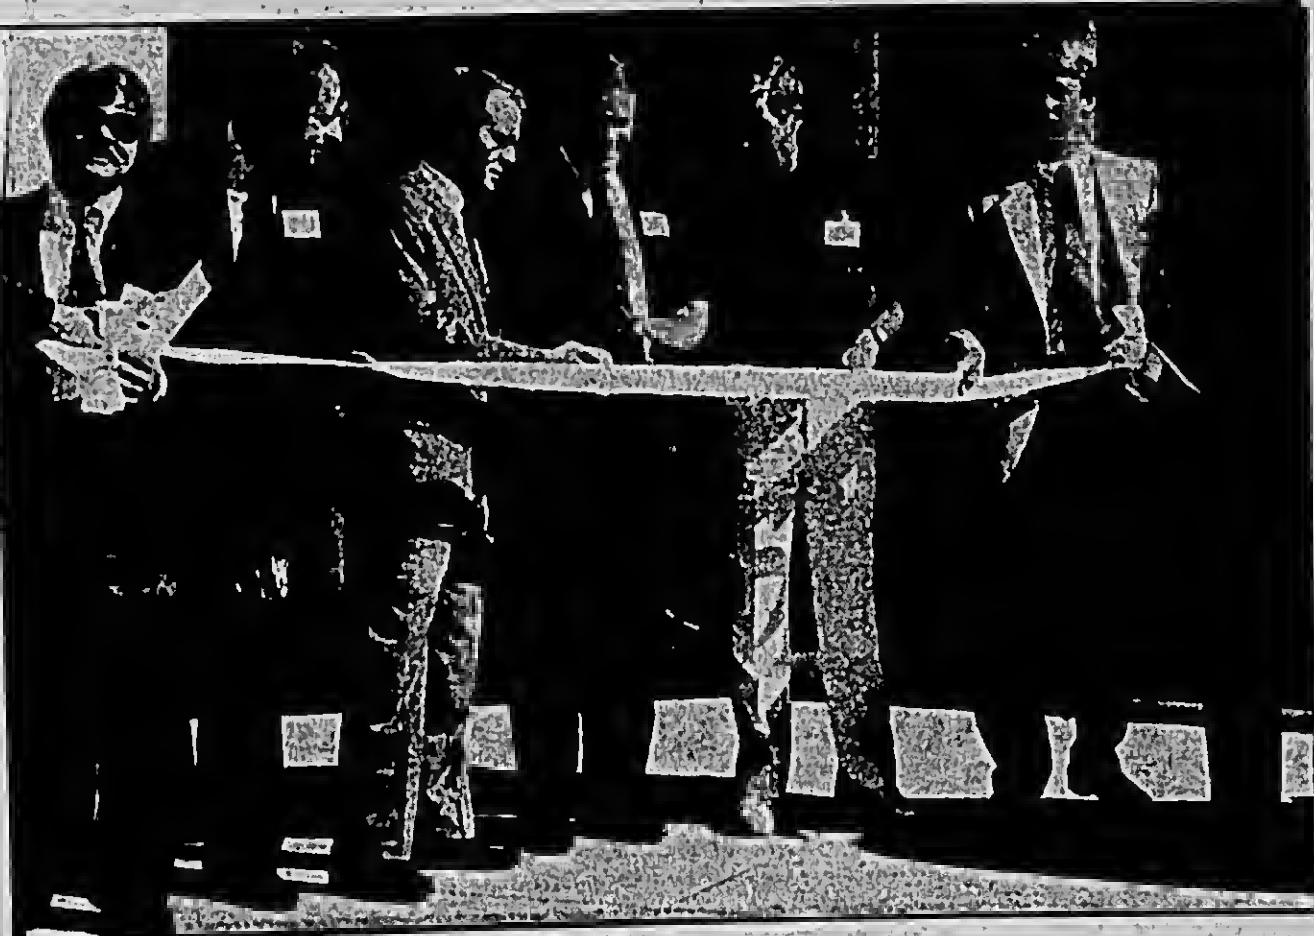

Ems was one of only 23 selected from a field of more than 50 proposals for presentations at the November conference.

An expert in accents and dialects, Ems has taught at CLC since 1969. She will teach English pronunciation: vowels during the fall 1988 semester and a consonant course during the spring semester. Ems is a Grayslake resident.

"It takes a lot of work to shake a heavy accent," says Ems. "But you, too, can sound more

like a native-born American if you don't give up." Ems shows her students how to pronounce the sounds of English by physically shaping their mouths, teeth, tongues, jaws and throats.

For enrollment information, call the office of admissions and records at (312)223-8800.

Starting business park

Grand Tri-State Business Park in Gurnee welcomed its first tenant with ribbon-cutting ceremony at Domino Amjet. Laser printing firm completed its relocation to new plant last week. Business park developer Tom Rosenquist said seven parcels in the 300 acre plus area west of I-94. Those participating in have drawn interest in the 300 acre plus area west of I-94. Those participating in ribbon cutting ceremony included Jerry Varga, Rod Johnson, president of Domino Amjet; David Hollstrom, director of marketing for Illinois Dept. of Commerce & Community Affairs; Gurnee Mayor Dick Welton; U.S. Rep. Phil Crane and developer Rosenquist.

bandannas, and ballads.

Guest speaker Dr. Jim Oliver, Associate Director of Urban Planning stressed in a speech that the future is here right now in Lake County, and in order to survive in the environment, trend-watchers are essential to anticipating the future.

The University of Illinois Lake County branch held the appreciation luncheon to thank those sectors that donated time and money to keep the

service's programs going.

Bob Neal, District 3, and Fred Popp, District 5, both were honored with mugs, and Eric Nielson, executive council chairman, was given a mug and a shirt for his contributions.

Members of the appreciation luncheon committee were Vivian Gwaltney, Eric Nielsen, Julia Wojtarowicz, Maggie Marabella, Charlotte Bingham and Irene Green, Adviser.

Abbott awards grants

A record number of students will attend colleges and vocational and nursing schools this fall with assistance from The Clara Abbott Foundation. The Foundation has awarded one-year educational grants for the 1988-89 academic year to 1,079 students in the United States, Canada and Puerto Rico.

Lake County At A Glance

Grant garnered

FOX LAKE—The Fox Lake sewage treatment plant was awarded a \$2.45 million state grant for revitalization and expansion. However, Plant Supt. Rick Lieber says another \$5.5 million is needed to complete just the first-phase of the project — the replacement of failed technology — which by Illinois Environmental Protection Agency mandate must occur within three years. The possibility of attaining grants to cover the remaining cost will be explored, but Lieber did not rule out the possibility of increasing user fees.

Man killed at home

ROUND LAKE—Charles Marshall, 38, was killed at his home, and his car stolen, said Corporal Guntharp, in charge of the investigation from the Lake County Sheriff's Office. The coroner's office gave the cause of death as, "blunt trauma to the head." Marshall's body was discovered by his mother, Virginia, of the same address. Marshall's stolen 1972 Chevrolet was recovered in Racine, Wisconsin, through investigative leads, said Cpl. Guntharp. "I do not know who stole it," he said, adding that the case is presently under investigation.

Board hikes fees

GRAYSLAKE —Grayslake Community High School Board of Education is increasing its fee rate for the 1988-89 school year. The board, at its July meeting, increased the rate from \$35 to \$55. The fee will include a free activity ticket. Grayslake Supt. Dr. Griff Powell said even with the rate hike, the school is not at the high end as compared to other schools. The \$20 increase will be felt by those previously paying \$35. Most parents paid more, as high as \$50.

Annexes 74 acres

ANTIOCH — The Antioch Village Board has approved the annexation of 74 acres to the village. The property, owned by the Cicero Lithuanian Investment Club, Inc., is located just north of Rte. 173, on Deep Lake Rd. In the annexation ordinance the investment group will be able to use the property for target practice until it is either sold or developed.

Joining water agency

MUNDELEIN—The Village of Mundelein again is considering rejoining the Central Lake County Water Agency, which pumps in water from Lake Michigan, after ceasing membership in 1986 to pursue other options.

Receive flood report

GURNEE —It may be almost two years ago now, but the financial affects of the flood of 1986 have just been put into the record books at Gurnee Dist. 56. The largest single clean-up factor amount was clean-up at Viking Junior High School, set at \$411,007.

Lunches with Reagan

LAKE VILLA—Rep. Robert Churchill (R-Lake Villa) said President Ronald Reagan "made my day" on Aug. 1 with a luncheon for him and 16 other ranking legislators from around the nation and "our visit appeared to be the highlight of his day." Luncheon talk ranged from a discussion of state issues and George Bush's chances in the November election (rated as mixed) to the legacy the president wants to leave when he retires from office: an America that is proud of itself.

Culture cometh

FOX LAKE—In what was hailed by civic leaders as a step toward the continuing culturalization of Fox Lake, the Blue Heron Art Gallery on Pier Place, 17 W. Grand Ave., celebrated its grand opening Saturday. The gallery exhibits and sells the work of about 20 artists, covering the medium spectrum. Tuxedoed Fox Lake Mayor William Dam greeted approximately 500 guests.

Thompson runs again

NORTH CHICAGO —North Chicago Mayor Bobby Thompson, before a group of about 25 city workers, family and friends, announces he will seek reelection to another term in April. Thompson also announced that North Chicago City Clerk Tim Miller and North Chicago Treasurer Dan Pacenti will be running on Thompson's team.

New codes likely

LINCOLNSHIRE—Most residents in the area served by the Greater Lincolnshire Chamber of Commerce will soon have a new zip code, and all of them will have a new telephone area code.

Lions Barbeque

ANTIOCH — The Antioch Lions Club will be holding its annual Lions Chicken Barbeque, coinciding with the Antioch Rescue Squad's Auction, all day on Sunday, Aug. 7, at Williams Park on Rte. 83. These two events are the year's biggest fundraisers for both organizations. The Lions will be cooking chicken on giant outdoor grills while the members of the rescue squad will be auctioning off a large variety of donated items from members, businesses and friends in the Lions Pavilion.

Tree hearing set

WAUCONDA—A hearing has been set by the village board for Tuesday, Aug. 9, at 8 p.m. in the village hall to hear from environmentalists interested in a natural resources ordinance to limit future destruction of trees and wildlife when developing subdivisions. The movement stems from last month's cutting and burning of oak trees on a 65-acre farm on Bonner Rd. now in the process of being annexed for an industrial park. A Lake County judge ordered a halt to this when the Lake County Building Dept. found six ordinance violations.

Deep boat trouble

DEEP LAKE—Complaints from residents living in the unincorporated of this area about large-size boats and motors plying this once-tranquil lake have fallen on deaf ears. Lake Villa, in which two-thirds of the lake shoreline is included, says it cannot enforce an ordinance limiting motors to six horsepower because the boats are launched in an unincorporated area on the north. Objectors say at least every other home on the lake has a large-size boat and motor, including many living in Lake Villa.

Cedar Lake construction Plan 208 homes

ROUND LAKE BEACH—The major work and traffic disruptions on Cedar Lake Rd., from the south at Hart Rd., to the north at Park, will be done by the end of October, said Jeff Wrate, resident engineer with the Lake County Dept. of Transportation. At the end of that time, Cedar Lake Rd. will have been resurfaced, and the traffic signals at Washington will have been modernized. At the same time, another major construction job is going on, the widening of Cedar Lake Rd. to five lanes at Rollins Rd..

LAKE ZURICH—Terrestris, an upscale development of 208 homes on one-quarter acre and priced from \$225,000, has been proposed for 117 acres on both sides Midlothian Rd. abutting the Lake Zurich Industrial Park. Formerly of Oakbrook, the developer has relocated its offices to the village in order to develop this \$43-million project. This will bring the village \$1,300,000 in various construction and inspection fees. A public hearing by the Planning Commission is planned in the fall.

Lions' screenings

Mobile Glaucoma Screening Unit provides free testing for eye disease, as well as hypertension and diabetes. Money to pay for service comes from annual Candy Day, to be Oct. 14. Lions of Illinois, Lions charitable and philanthropic agency coordinate program with cooperation of volunteer nurses and ophthalmologists provided by University of Illinois.

Use of special permits

MUNDELEIN—Mayor Colin McRae and Trustee Gerard Howland have proposed zoning amendments involving special use permits in residential areas.

Denial irks residents

GURNEE —Residents of Gurnee's northeast side will find out the exact costs of hooking into the village's water and sanitary sewer supply at a meeting of the Gurnee Village Board Aug. 9. The board meeting will be at Spaulding School North and will begin at 8 p.m. The board is expected to hear from residents and discuss a possible future special assessment.

Sat. garbage meeting

ISLAND LAKE—A mass meeting has been called for Saturday, Aug. 6, at 10 a.m. in the village hall to discuss implementation of a garbage pickup charge. The fee could be from \$7 to \$10 per month. Until now the village has paid for this service. Among those expected to voice opposition is William Gee Jr., 82, first full-time mayor from 1953-1957, who maintains garbage pickup is a village function for which residents pay taxes.

Recycling trashed

FOX LAKE—A garbage disposal service proposal to include recycling in a new contract was trashed for now, perhaps to be recycled as an idea later. The village board voted unanimously to draw up a three-year contract with HOD Disposal Service, Antioch, that will cost single-residence homes \$5.05 per month. Recycling was put on hold until Trustees could give the matter more consideration.

Hospital proposed

VERNON HILLS—A 72-bed psychiatric hospital is proposed for a 7.8-acre site in Vernon Hills in the Corporate Woods office park. Ground could be broken in September, officials said.

54 get tax refund

LINDENHURST—Fifty-four homeowners in the Lakewood Subdivision will get rebates of \$350 to \$1,000 on the second installment of 1988 taxes due in September due to an assessment error. Township Assessor Mike Karasinski used an updated 1987 state manual in making assessments on the new \$125,000 to \$150,000 homes instead of the 1980 manual used for the rest of the village. Homeowners objected and the tax bills lowered.

Compromise on street

LAKE VILLA—Residents opposed to the partial closing of Villa Ave. for extension of the Pleviak School playground are about to strike a compromise with the school board. If the school attorney rules it is legal to guarantee their homes west of the school will not be acquired by condemnation or purchase for 20 years for school expansion they will drop all opposition to the street closing.

Low Vision Center now open to serve Lake County

The Eye Care Center of Lake County is pleased to announce the addition of another valuable service.

If you are one of the many people whose eyesight cannot be corrected with medicine, surgery, eyeglasses or contact lenses, our new low vision center is designed to help you.

Our specially trained doctors and staff can evaluate your remaining vision, prescribe special low vision aids and design a program to help you deal more successfully with the activities of daily life.

If you would like to learn more about our services, resource library and support groups, please give us a call at 312-244-2176.

Hard-hearted leader family softy beneath

by JOSEPH SOULAK

Whenever crew-cut Rudy Kuzel shows up on television to blast Chrysler Corp. Chairman Lee Iacocca or do battle across the company bargaining table he looks rough, tough and ready to fight. He is and does when it involves the members of Local 72 of the United Auto Workers.

That's his job. From 6 a.m. to 5 p.m. each weekday, sometimes midnight and weekends, too, he is the man who represents the 5,200 union members assembling Plymouth Horizons and Jeep engines in Kenosha. All that is going to change come Dec. 31. Only about 1,000 employees will remain in the engine plant. So will Kuzel, who has been doing battle with Chrysler management and American Motors Corp. before that since 1983. Officially known as chairman of the local, he will retain his full-time union job when all but the motor assembly plant closes. There even is an office in the plant for Kuzel and fellow union officers.

"Yes, we are a militant union," Kuzel admits. "That's the way it has been since the union organized in this plant back in 1933. Local 72 has always had a unique relationship with American Motors and its predecessor companies. We controlled all company facilities beginning with the bulk of production here in Kenosha. If we shut down this plant we closed the company. We could make demands and get what we wanted."

At the height of automobile production in Kenosha there were 16,500 union employees. That was 1961, three years after Kuzel got a job machining pistons in the motor plant. Today there are 5,200 working union members. Of this number, 60 percent live in Kenosha County, 12 percent in Racine where Kuzel lives, 12 percent in Lake County and the remaining 16 percent in the counties surrounding Kenosha. Today's average union assembler earns \$14 an hour, up to \$23 with benefits.

Outside of his job, Kuzel, 52, is a mild-mannered, personable family man. His wife of 30 years, Connie, is a telemarketing specialist in the industrial cleaning products division. They are high school sweethearts from St. Catherine's with three children, including a daughter in Zion with their three grandchildren, a son in San Francisco and another at home.

Rising at 4:30 a.m. every morning, Kuzel takes his pet Doberman for a two to three mile walk before leaving for work so he can be in the office by 6 a.m. On an average day he returns home at 5

or 5:30 p.m.

Both he and his wife are vegetarians, who also eat fish. "No, it's not difficult," he said about such a diet. "All restaurants have seafood and salads,"

UAW local leader Rudy Kuzel

he said. "Or you can always order a pizza without the pepperoni." As for late-night negotiations, he orders something without meat. Between the diet and giving up smoking in 1983, Kuzel now weighs 190 pounds. He would like to be 30 or 40 pounds less.

Weekends he spends up north in a trailer near Wisconsin Dells where he and his wife go canoeing, hiking and what he calls "walkojogging," a combination of walking and jogging.

Kuzel is a union and company man to the core. He drives a 1983 Concorde made by AMC with an in-line six, one of the best engines he said the company ever made. It has more than 100,000 miles. Two months before Iacocca announced the closing of the Kenosha plant he bought his wife a 1988 Plymouth Voyager van.

That announcement put Kuzel on the television screen almost every night last spring as he railed and assailed the company. Hanging tough, he won jobs for the union until the end of December. He also negotiated repayment of \$57 million of the almost-forgotten Employee Investment Plan made to AMC during its lean years. "They said it couldn't be done, but we did it," Kuzel said. "I guess that's the reward of this job; doing something for those who look up to you."

Elect Schultz president

On July 16 Doris J. Schultz (Mrs. William) became the 69th president of the State of Illinois American Legion Auxiliary.

Schultz was elected at the state convention held in Springfield, and is a member of Gurnee Unit 771 in Gurnee. Her eligibility is through the Korean conflict service of her husband, Bill.

She first joined the auxiliary in 1956 and rose to the office of unit president in 1962. The 10th Dist. recognized her capabilities and elected her district director in 1968.

The progression continued with her first department chairman-legislative in 1969. Elective offices held on the state level commenced with historian.

She is proud to have authored the winning department history on the national level, surpassing the other 53 departments in the national organization.

Schultz' theme this year is "God Bless America". Her membership theme is a mythical cruise on the S.S. Freedom. She is stressing three goals: to replace negativism with enthusiasm; to increase membership and to improve

the organizational image.

As department president, she will be traveling throughout the state bringing the American Legion Auxiliary programs to the membership.

People

Indian chief

Wilma Mankiller is first woman elected principal chief of Cherokee Nation of Oklahoma. She will be keynote speaker at College of Lake County's Career Conference this fall. Mankiller will speak on Friday, Oct. 7 at Hotel Moraine in Highwood as part of college's two-day career confab. She was elected in 1985, after serving as deputy principle chief for two years. Her successful election has drawn attention to Cherokee Nation and given her national platform to discuss native American concerns and issues. She has been named 'Woman of Year' by Ms Magazine, included in article titled 'Celebration of Heroes' in Newsweek, and is member of Oklahoma Women's Hall of Fame.

Coroner candidate

State Rep. John Matijevich (D-61st Dist.) will serve as honorary chairman of committee to elect Dr. Robert L. Baker, M.D., above, as Democratic candidate for office of Lake County Coroner in Nov. 8 general election. Duane V. Borceno, Mundelein, is chairman of committee and Mary Morello, Libertyville, treasurer. Committee membership is open to all interested parties. Call Borceno, (312)350-5252.

'Cocktail' lightweight but Cruise carry's it off

YES
★★★

by GLORIA DAVIS

This reviewer usually finds that the experts (fat man and the bald guy, etc.) pretty well hit the nail on the proverbial head when they turn thumbs up or down on a particular flick. They know what they're talking about and that's why they make the megabucks.

BUT EVERY ONCE IN AWHILE, I think they forget what category movies come under -- entertainment. They are so busy analyzing the technical pros and cons, that they don't give themselves a chance just to enjoy a film on its face value.

This just might be the case with Tom Cruise's new vehicle "Cocktail." Most critics have deemed it worthless and given it less than two stars, calling it "predictable," "hackneyed," and too dependent on Cruise's charm.

There's no denying that all three of these criticisms are true and yet -- I found it a pleasant way to spend an hour and a half or so, and isn't that what entertainment's all about?

I LIKE CRUISE, as young as he is, he has the charisma that makes him one of the few-and-far-between superstars. He should be around about as long as Paul Newman and Robert Redford.

Stars like these two and John Wayne appeared in many a "worthless" film but audiences flocked to the shows just to spend time with someone they liked. So it is with Cruise in "Cocktails."

BUT THEN WHAT DO I KNOW? I could have listened for hours to that wonderful voice of Richard Burton's reading the Chicago Telephone Directory.

The main premise of "Cocktails" is not a stale one. The possibility of becoming the John Travolta of the lounge circuit, rhythmically juggling bottles and mixers instead of strutting on a disco floor is new and believable by today's singles bar standards.

CRUISE IS CUTE, charming and sexy. And though the "boy gets girl, boy in search of money loses girl who turns out to be a little rich girl disguised as a waitress" plot is an old Hollywood standby, it flies, if only in "Cruise" speed.

The sound track is infectious and had me bopping in my seat. Bryan Brown as Cruise's older mentor who catches the brass ring but finds he can't hold on to it, leads an able supporting cast.

ALCOHOLICS ANONYMOUS and Mothers Against Drunk Driving might be upset by the glorification of a world centered on booze, but that whole world is out there and the plot's final message is that happiness cannot be found in a glass, a liquor bottle or in a fat wallet. Worn or not, what's wrong with that?

'Cocktails fun with fine acting in all roles

YES
★★★

by IRIS MAYFIELD

Cocktails abound in this R-rated for language, double-entendre titled movie. Also abounding are the fun bar scenes, backed by great rock 'n roll oldies, and ambi-dexterous bartender jugglers Tom Cruise and Bryan Brown in a glib, mostly fast-paced Heywood Gould screenplay. The R-rating may also be for the bedroom scenes, while there was no nudity.

TOM CRUISE'S STARRING ROLE is in tight competition with the fine acting of Brown as a self-destructive, out-for-the-fast-buck cynic. Cruise portrays Bryan Flanagan, a middle-class Irishman, fresh out of the Marine Corp., who tries to emulate bartender Brown in his own planned climb to the fast buck. They become fast friends, for a time.

His beginnings, of climbing to the top, before meeting up with bartender Brown, include an attempt to enter yuppieville via college courses, a three-piece suit, and a briefcase. He strikes out as he juggles bar duties better than college courses.

THE MOVIE IS AIMED at the working class with put-downs of those outside it. When Cruise has a confrontation with a college professor, Cruise says, "Not from a guy who hides here because he can't make it in the real world." Also, Brown teasingly quips at Cruise, "This man actually takes pride in his work."

In his quest for the fast buck, he loses all his middle-class values, his girl, and his self respect.

In the beginning, when he's having fun, fun, fun with his cocktail and dreams, the movie is fun, fun, fun for the viewer also. But, the movie turns serious, as it should to counteract the loose living. The movie then deals with, when you finish playing its time to start paying, or some such trite saying.

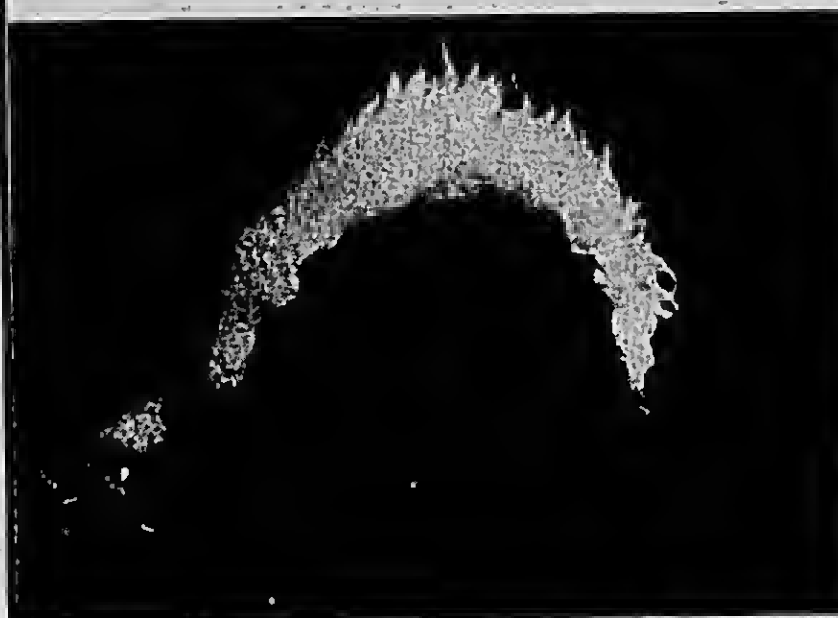

FLANAGAN'S ODYSSEY reveals not riches, but Flanagan himself, what he's really all about. Cruise plays the all-American who lost and then found himself.

This movie shows a slightly more mature Cruise since "Top Gun," even noticeable in his smile, which used to be tight and uncomfortable looking. In "Cocktail" he sports a winning smile.

VISUAL AND VOCAL GLIBNESS flows as freely as the booze. As all roles were near flawlessly carried out, Director Roger Donaldson plaudits equal screenwriting plaudits.

Fine performances are accomplished also by Elizabeth Shue, Lisa Banes, and Lawrence Luckinbill. It's a fun, entertaining, two-and-a-half-star movie, well worth the price of an adult admission.

Reschedule triathlon

The 1988 Ironkids Youth Triathlon, sponsored by the Centre Club, affiliated with The Medical Center of Lake County, and the Round Lake Park Dist., has been rescheduled. Originally set for July, the Ironkids was cancelled due to the extreme heat.

The new date is Saturday, Aug. 20, with the kick-off time slated for 9:30 a.m. at the Village of Round Lake Beach Lakefront, located at Woodland Avenue and Lakeshore Dr. Check-in time begins at 8:30 a.m.

Young people, nine to 16 years of age, are eligible to participate in the three-stage race, which includes a 100-yard lake swim, a one-mile bike ride, and a half-mile road run. There will be separate divisions for girls and boys: nine to 11 years; 12 to 14 years, and 15 to 16 years.

A 10-speed bicycle from B & G Cyclery will be awarded after the race. Refreshments will also be available for competitors and parents after the event.

Registration is \$9 per entry. For information, contact Gene Rathje, Round Lake Area Park Dist. at (312) 546-8558.

Majestic Lipizzans are one-of-kind performers

by GLORIA DAVIS

The world famous Tempel Farm Lipizzans, majestic equine beauty at its finest, can be seen performing the Art of Dressage on Wednesday, at 10:30 a.m. and on Sunday at 1 p.m. in the arena at Tempel Farms in Wadsworth.

This ultimate embodiment of classical riding is a throw-back to the royal Austrian Court of the 16th century when knowledge and beauty were being nurtured to their finest degree.

The start of what is the largest herd of Lipizzan horses known, began in 1958 when Tempel and Esther Smith brought 20 Lipizzans to the United

States from Austria.

These horses are dark colored at birth and lighten each year, reaching the pure whiteness they are famous for at about 10 years of age.

Lipizzans begin performing at about four-years old, many continuing to grab the spotlight until they are 20 years old.

The Art of Dressage and the Airs Above Ground, during which all four of a horse's hooves leave the ground, can be attained by only the finest of horses with the very best of training.

The Tempel Lipizzans do travel to perform, having been featured at

many presidential inaugural celebrations.

The arena at Tempel Farms here in Lake County is the only place in the world where these fine white stallions perform in the same manner as that of horses at Vienna's famous Spanish Riding School.

Tempel farms is a division of Tempel Steel Co. of Chicago.

Summer is a time for carnivals and county fairs; water slides, thrill rides, screaming in "haunted houses" and the electric buzzing of arcade games.

But what did people do in the days before Six Flags and Bally? A good guess would be that they worked.

The men probably spent long hours toiling in the hot, dusty fields, cutting, binding, and stacking sun-ripened oats, loading them onto horse-drawn wagons and separating them in their steam-powered threshing machines.

And the women probably made clothing, wove rugs, and cooked meals in now-antiquated utensils, while the children played with corn husk dolls and learned how to work early in their lives.

It was through the ingenuity and perseverance of that age of man that gained us the freedom of automation. Through the time and labor saving advancements of technology we have loosened the bonds of the work-a-day world enough to take some time off to browse through the future or wander leisurely through the past.

Everyone is invited to share a bit of history this year at the Taylor Marshall

farm in Sycamore, Ill. Aug. 11-12-13 and 14, as the Northern Illinois Steam Power Club opens the doors of the past with its 32nd annual Steam Show and Threshing Bee.

While there, one can be a part of the birth of modern agriculture, seeing demonstrations of threshing, making lumber on a sawmill, the grinding of wheat into flour, and much more. Watch as rugs are made on an antique loom, and find out how horseshoes were made. Be sure, also to visit the flea market while there, with collectables old and new for every member of the family.

Daily attractions also include a parade at 1:30 p.m., craft demonstrations, a pedal pull contest for the youngsters, and a small scale steam railroad giving rides to young and old alike, and lots of great food and cold drinks.

Take a day this summer and walk through the golden age of steam. We're open from 7 a.m. to 6 p.m. daily. Admission is \$2.50 for adults, with children under 12 free. There is no charge for parking, and club memberships are available.

County Fair biggest ever

Crowds flocked to this year's Lake County Fair, making it the largest in the Fair's history.

After the last day on July 31, officials said that the 180,259 fairgoers this year

numbered more than previous years.

In 1986, a then record 174,882 attended the fair, while numbers dropped last year to 146,254.

Schedule Foreigner at McHenry College

McHenry County College will present "The Foreigner" in Aug. in the Black Box Theatre.

The play is the winner of two Obie Awards and two Outer Critics Circle Awards for Best New American Play and Best Off-Broadway Production for 1985.

Leading the cast of characters in the comedy is Peter Thelen of Antioch. He plays Charlie Baker, a pathologically shy Englishman who is left by a "friend" among the locals at a fishing lodge in rural Georgia.

Carol Schwan (Crystal Lake) plays Betty Meeds, the lodge owner. Jim Meisel of Woodstock plays Froggy, a Cockney munitions expert.

Jeff Poehlmann (Woodstock) plays Rev. David Marshall Lee, a well-meaning preacher who supports the Klan.

Other characters are Lisa Ferguson of Woodstock portraying Catherine, the Reverend's wealthy girlfriend; Richard Foresman (Woodstock), Catherine's not-so-bright brother; and Gary Selof (McHenry) leader of the local Klan and decided villain of the show.

Set in a fishing lodge in rural Georgia, the comedy presents the Englishman who is left among this local rural Georgia group. They

believe the young man cannot speak, nor understand English.

As a consequence, he learns many secrets, becomes an unwilling confidant and is caught up in a situation that provides non-stop hilarity, ending in a wildly funny climax in which things go uproariously awry for the bad guys, and the good guys emerge triumphant.

The play is under the direction of MCC Theatre Instructor Cecil O. Johnson, who is assisted by Ann Rossetti of McHenry. Anne Fisher, Lake-in-the-Hills, is language coach. Technical director and set designer is Dirk Walrick of Crystal Lake. Walrick is serving an internship through the theatre department of Western Illinois University in McComb.

This delightfully delicious comedy will be presented in the Black Box Theatre, Applied Sciences Building, on the MCC campus in Crystal Lake on Aug. 4, 5, 6, 11, 12, and 13 at 8 p.m., and on Aug. 7 and 14 at 7 p.m.

General admission tickets are \$4. Students and senior citizen tickets are \$3. Tickets may be purchased at the door prior to the performance. For additional information, call (815) 455-3700.

Center tickets available

Tickets for the second season of First Stage Milwaukee, the Performing Arts Center's "theater for all ages" will be sold at a special "pre-season" discount now through Sept. 16, according to Archie A. Sarazin, PAC managing director.

The professional theater, under the artistic direction of Robert Goodman, will stage four plays in 1988-89, an increase from the three presented in its inaugural season. All performances are in the Todd Wehr Theater of the Performing Arts Center.

Productions include

Schedule Beards' exhibit

The Woodstock Opera House announces an exhibition of paintings by Richard Beard, professor of art at Northern Illinois University. The exhibit opened on Friday, July 29 and closes on Wednesday, Aug. 31. These are acrylic works of landscapes in Europe and Japan.

The exhibit is free to the public and can be viewed Monday through Saturday from 9:30 a.m. - 5:30 p.m., and during all performances.

Tickets may be ordered by mail or in person at the PAC box office, 929 N. Water St. Milwaukee, Wis. 53202.

Youth singers seek additions

Tell the World, contemporary singing group, is looking for additional members, ages high school through 30. Interested parties can call (312) 526-8306. Group is sponsored by Evangelical Free Church of Wauconda.

ROCK TRACKS

If you heard that members of Whitesnake, Vow Wow, A-Ha, Thin Lizzy and Budgie had formed a band, what would you think? If you then heard that they had recorded an album and invited along the likes of Glenn Hughes (Deep Purple), Ray Gillen (Black Sabbath), John Wetton (Asia) and Max Bacon (G.T.R.) to add to the vocals, you'd probably want to check them out.

Well, they are Phenomena, and their precise intention was to create an LP worth more than just a cursory listen. What has resulted is Phenomena's RCA Records debut, *Dreamrunner*, produced by Tom Galley.

"The most important thing on any album is to have fresh ideas," says Galley, "not only in the songwriting, but in the production." For that reason, he asked award-winning engineer Gerry Kitchingham, best known for his work with A-Ha, The Rolling Stones and Iggy Pop, to join the *Dreamrunner* project.

As well as being the producer, Galley was instrumental in making the band happen. He looks at Phenomena not only as a semblance of some of the industry's most talented performers, but as a project that becomes, in his own words, three-dimensional in its intensity.

And interestingly, the LP, like its eclectic assortment of players, hints at its hard rock roots, but does so with stylish and power-driven melody lines. Leading off the LP is the first single and futuristic fantasy video, "Did It All For Love," sung by John Wetton, as well as the Ray Gillen-performed "Stop," and Glenn Hughes' "Hearts On Fire."

And for all this, Galley should be credited with the fact that though anyone can put together a band of contemporary musicians, only a very select few can make it work.

Saturday, Aug. 6 will be Auto Parts Night featuring winged sprints, Wilmot late models, spectator stocks and street beater stocks with the first race at 7 p.m. Raindate is Sunday, Aug. 7.

The annual Kenosha County Fair Races begin on Tuesday, Aug. 9 with the Beachcraft Auto Body Shop Night before the fair preview featuring spectator stocks and street beater stocks plus the first ever one and one-half hour to 150 lap Enduro under the lights. First race is set at 7:30 p.m. Friday, Aug. 12 will be sprints and late models sponsored by Johnny D's Pier 83 restaurant in Grayslake with the first race at 7 p.m. Saturday, Aug. 13, will be Hardee's Night featuring an all-open wheeled program featuring winged sprints and modifieds with the first race at 7 p.m. The traditional fair closing demolition derby will take place at 6 p.m. Grandstand admission Aug. 12-14 is free, included in the fair admission ticket. There are no raindates planned for the fair races.

Saturday, Aug. 20 will be Michael Warren & Co. Century 21 Night. Sprints, modifieds, late models and spectator stocks will be highlighted.

Saturday, Aug. 27 will begin season championship racing with Eurocraft Auto Body Shop Season Championship and Feature Challenge for street beater stocks plus sprints, modifieds and late models.

Saturday, Sept. 3 will be Stateline Trailers & Small Engines Wilmot Late Model Season Championship and Feature Challenge plus sprints and modifieds.

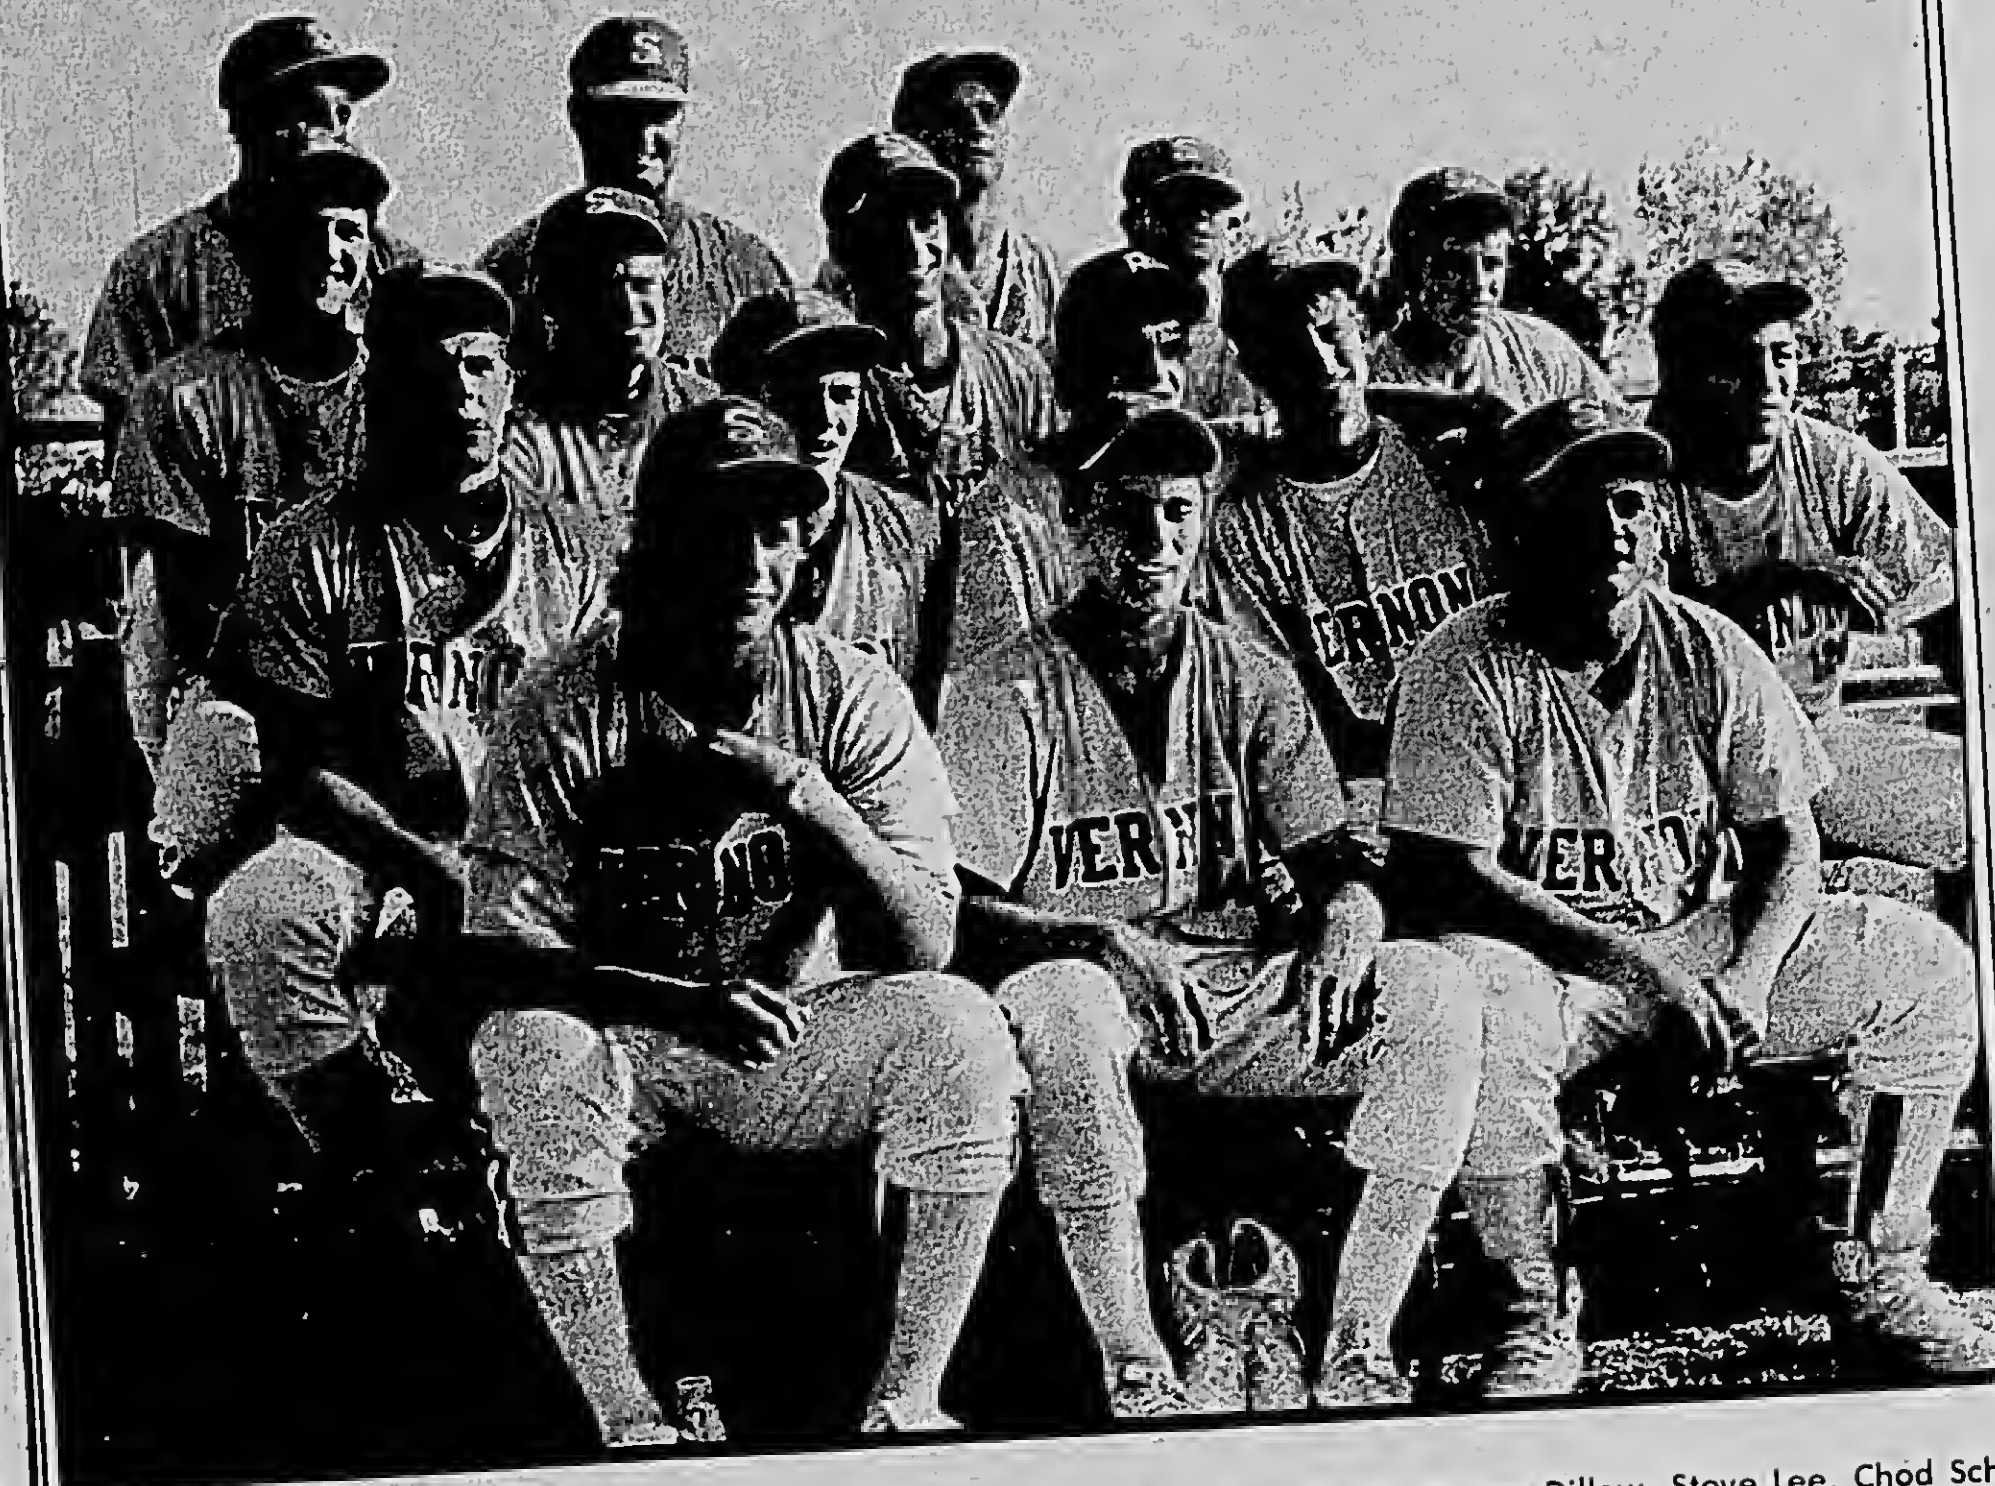

Saturday, Sept. 10 will be Ateco Racing Engines Sprints Season Championship and Feature Challenge.

Fall sign-up

It may be still the middle of summer, but the end of summer must be near when Furlan's Dug Out Park in Trevor, Wis. begins to take applications for its fall leagues.

Openings exist for men's 12 inch softball teams for Tuesday through Friday nights. Also, openings are available for women's and men's volleyball teams which will also be held Tuesday through Friday. Fall leagues will begin approximately the end of August.

For more information, call Tom Furlan at (414) 862-9936 or (312) 395-5788. There are limited openings. Dug Out Park is located on Rte. 83 two miles north of the Illinois-Wisconsin state line.

Top legion team

Vernon was Lake County's top legion team this year. Team advanced through Dist. 10 play through division play of Barrington. After winning opener in division tournament, Vernon was eliminated. Team was coached by Steve Breen and Stevenson High Coach Bob Mockey. Team members

included: Gary Sachs, Monte Dillow, Steve Lee, Chod Schmitt, Jim Neary, Jeff Bettermann, D.J. McCullough, Steve Lemke, Pete Neumann, Tom McConnell, Rob Keegan, Mark Joseph, Rick Smith and Mark LeGrand. Most are eligible to return for another season next spring.

Qualifying for divisional tourney highlights Vernon legion successes

What started back in March with pre-season baseball practices ended in Barrington.

The Vernon Legion team lost two games Saturday and was eliminated from the division tournament. Although downcast for the moment, Vernon Coach Steve Breen quickly termed the season a success.

"We advanced farther than any other legion team we've had. We made a good run for it after being 11-10 going into the (district) tournament," Breen said.

Breen said competition in the tough district 10 play throughout the season and the post-season tournament was a major factor behind his team's success.

"I played in this district in 1977 when I was a freshman and since there has been five state champions. We've also had good national advancement. If you can get out of that (district), then you are a good team," Breen said.

Lombard first with a 12-7 win and then Ottawa, who beat Vernon 4-2 turned out to be the team's undoing at the divisional tournament in Barrington. Vernon used an eight-run inning to get off to a good start and record a 10-5 win over Freeport in the opener Friday.

Vernon Legion team and Stevenson High share the same nucleus of players and Breen likes that system.

"We like it this way, we have been going this way, we have been successful. You get to play a lot of games. There is not a kid on this team who did not have an opportunity."

Breen said.

Breen described the regular legion season in the same terms as spring training in the major leagues. The teams gear themselves for the double elimination district tournament. Vernon qualified along with host Barrington for the division tournament from Dist. 10.

In the opener against Freeport, winning pitcher Steve Lemke scattered 10 hits and struck out six.

Vernon gained a 2-0 lead in the first when Jim Neary doubled, Monte Dillow reached on an error and Pete Neumann and Lemke notched RBI singles.

Two innings later, Vernon exploded for eight runs. Neary walked, Dillow singled before D.J. McCullough, Lembke, Gary Sachs all doubled.

Vernon cooled off after that inning, as it did not score a run for the final six. Breen was pleased with his team's eight-hit attack.

"Going into the weekend, I thought if we hit the ball well we should be all right," Breen said.

In the Lombard game, Vernon, down 2-0, scored in the first when Neary walked, went to second when Jeff Bettermann reached on an error, advanced to third on a double steal and scored on a ground out.

Bronco stars finish third, notch 35 victory season

A third-place trophy and a strong showing at the state tournament capped off a successful season for the Gurnee Broncos All-Stars team.

The team, made up of 13 and 14-year-olds, finished with an overall record of 35-6. Gurnee finished third in the 79-team Stars of Tomorrow tournament in LaCrosse, Wis. The team then won

two games at the state tournament at Joliet.

"I expected this to be my best team ever. They've been together for five years and we set some high goals," Mgr. Glenn Chesser said.

Gurnee won the Mike's Memorial League with a 16-2 record before traveling to Wisconsin.

Gurnee beat a

LaCrosse team 5-2 in the third place contest.

But the talk of the tournament was a play made by shortstop Bob Boone. Boone saved a 6-5 win by diving to reach a ground ball and then throwing from his stomach to first base for the out.

"We looked at it on tape and it's still un-

believable," Chesser said.

While that was the defensive highlight of the LaCrosse stay, the team certainly had its offensive heroics as well.

In the game against LaCrosse, Bob Boone doubled and Craig Shelton walked and Glenn Chesser doubled home two runs for a 2-0 lead. In the third, Chesser singled, Bob Worklan doubled for another run. In the fourth, B.J. Clark singled, Shelton tripled and Glenn Chesser singled.

At Joliet, Gurnee opened the tourney with a 3-0 shutout of Beach Park. Shelton fired a no-hitter in that game, registering 11 strikeouts and giving up just five walks.

Gurnee scored two in the third on RBI hits by Chesser and Worklan. An unearned run scored in

the fourth. Gurnee then played Beach Park again and won 4-3. Dave Farrow was the winning pitcher, going the distance and striking out 10 and issuing no walks.

The winning run scored in the seventh inning when Mark Leginski singled, Boone reached on an error, Shelton walked and a fielder's choice scored Leginski.

The Broncos then met their match in the third game against Joliet, losing 9-7 to the host team.

This contest started on a positive note for Gurnee, which led 6-0 at one point.

Boone and Shelton singled and Chesser blasted a three-run homer in the first inning for a 3-0 lead.

Jason Mays and Boone doubled in the second and Shelton reached on an error to score another

run. Chesser's two-run double made it 6-0.

Joliet began to rally in the third, coming to within one run at 6-5. After Gurnee extended its lead to 7-5, Joliet tied it in the fourth before winning the game in the ninth.

The Warren Blue Devils could be the beneficiary of the 30-win plus season.

"I played under Ron (Shelton)'s system and I feel I coached in his style," Mgr. Chesser said.

Mgr. Chesser acknowledged the sacrifices of the parents as well of players, saying many parents took vacation time to attend tournament games.

Also, the work of assistant coach Mike Clark, a eight-year coaching veteran of the Gurnee Boys Baseball program, was recognized.

Potential Lancer golfers vie for team spots, half tuition

The College of Lake County will hold four qualifying rounds at Foss Park Golf Course in North Chicago on Aug. 22, 23, 25 and 26 to determine team members.

The team will carry eight players and four low qualifiers will receive half tuition awards at CLC. Any student planning to attend CLC full time (12 semester hours) is eligible to try out for the team.

Coach Ernie Gilroy is optimistic and eager to begin the golf season despite a disappointing setback. Last year's team captain and conference champion, Rick Korjenek, is recuperating from serious injuries suffered in an automobile accident on June 18.

For more information about the upcoming tryouts or the golf season, contact Gilroy at (312) 662-3636.

FORD ANNOUNCES PEACE OF MIND

Ford maintains that the quality car you buy is now backed by the best Quality Care in America.

Quality Care is a commitment from Ford and Lincoln-Mercury dealers to strive to make their customers the most satisfied in the world.

Quality Care is a lot of things. One of the most important is the Lifetime Service Guarantee.

If a dealer repairs your Ford, Lincoln or Mercury, they guarantee that once you pay for a covered repair, if it ever has to be fixed again, they will fix it free, parts and labor, for as long as you own your vehicle. Nobody guarantees car repairs longer. Nobody guarantees car repairs better. And LSG covers thousands of repairs.

Ask for a copy of this limited warranty. Only participating Ford and Lincoln-Mercury dealers have it. Only Ford, Lincoln and Mercury owners can get it.

Ford Quality Care and the Lifetime Service Guarantee. It's the difference between just buying a car and owning peace of mind.

Antioch's Gall outduels two others to win close Wilmot race

David Gall of Antioch won his first 15-lap spectator stock main event of the year to highlight Antioch Pizza Shop Night at Toft Auto Racing's one-third mile clay oval, Wilmot Speedway at Wilmot.

Pointleader and defending champion Mike Frost of Zion won his sixth 20-lap modified feature of the season. Defending champion J.D. Jackson of Poplar Grove won his third 15-lap street beater stock feature of the season.

Second generation competitor Bill Warren of

Beaver Dam captured his first feature win ever by taking top honors in the 25-lap winged sprint car main on Saturday, July 30.

Warren, competing in a car built and maintained in the shop of his father, Bob Warren, took the lead at the drop of the green flag and maintained it through cautions on laps two and four for spins along with the race's 24-lap final yellow on lap 16 when Rick Lawrence's mount stalled in turn four. Warren, 24-years-old,

and in his third season as a winged spring car racer, held off late race challengers to become the 14th different driver to win a main event this season. Dennis Splitz, Allen Winker, last chance winner Joe Kristan and Dave Hanna of Grayslake rounded out the top five. "It was a long wait. The car felt real good but you bet it's still for sale," Warren said.

Garry Dye took the lead at the drop of the double-green flags in the modified main and held it until after the first

caution of the race brought by a spin in turn two and an ensuing chain reaction pileup on lap three. Frost charged into the front on the restart and maintained it through another caution on lap six when Joe Russo's spin triggered another pileup. Frost went on to pull away to record his 16th checkered flag victory of the season in the Steverino's Pizza-Akroline Machines-Zion NAPA Auto supply Outhouse Engineering Chassis modified. Len Ostrowski, Jr., Dye, Gene Erdman and Rick

Schley rounded out the top five.

Bob Abrams jumped into the lead in the spectator stock main with Randy Olson moving in the top spot on lap three. On lap seven, the race's only caution appeared when Abrams had a flat tire while Larry Surlcta had worked in front. Surlcta held the lead until four laps remained when Gall put his Ring's Radiator-4-Star Auto Body Camaro in front. In a three-way battle for the checkered flag through lapped traffic, Gall scored the

win to become the 12th different featured winner of the season by less than one car length.

Defending champion John Poehler edged out Surlcta for runnerup spot with Scott Kuzhouse fourth and Bobby Griens fifth.

Matt Gall of Antioch was second in the 12-lap Last Chance Qualifier.

Jay Crichton of Lake Villa was first in a 10-lap heat in spectator stocks.

Tim Cox of Park City won his heat in the modifieds.

Pudlo quits, search starts

Carmel High School will have a new baseball coach next spring.

Coach Joe Pudlo, who directed the Corsairs to a regional championship last year, has resigned his position.

Bud Grover, the athletic director at the Mundelein high school, said the process will begin with the interviews of interested staff persons. Carmel is looking at a tight timeframe in naming the new coach, as school begins in less than a month.

"At this time of the year, it will be difficult," Grover said.

Carmel was eliminated in the first sectional game by Barrington 8-6. Then in summer league play, CHS was ousted by Stevenson. Pudlo, a graduate of Carmel, had been head baseball coach for four years.

"I did not realize he was looking for another position," Grover said of Pudlo.

Pudlo played college ball at Benedictine and played in Shoreline League for North Chicago teams.

Pudlo will be joining Baxter Health Care Corp. "I've always like to get

into the business world and this will give me an opportunity to join a first-class company," Pudlo said.

Pudlo said his closest friends knew of his possible career change but he did not wish to disrupt the team by making his plans known publicly.

CHS is also looking for an assistant basketball coach. Jay Hoffmann has resigned his post with the Corsairs' cage program.

NEW HEARING AID LETS YOU HEAR WHAT YOU WANT TO HEAR

WINTER PARK, FL—Electone, Inc. recently introduced a new custom in the ear hearing aid to help control noise. The Equalizer with state of the art ECRT circuit (Environment Control Release Time) provides the hearing aid user with a custom instrument that will automatically control and suppress unwanted background noise that often interferes with speech and makes hearing difficult.

This new ECRT circuit will adjust to the constantly changing sounds of everyday living automatically and without user intervention.

Now, a hearing aid user can hear in noisy restaurants, at church, meetings, etc., with comfort. In a quiet room, wearers hear the soft sounds, even whispers, at a distance.

A Special Hearing Consultation will be held to offer FREE hearing tests and an opportunity to try this latest advancement in

hearing aid technology under a special factory NO RISK 30 day trial.

The FREE hearing test will be given on Monday, Friday from 10 AM to 4 PM at American Hearing Aid 1413 Golf Rd. Waukegan. There is no cost or obligation for the service.

This Special Hearing Consultation will be given by Jim Spriggs, a state certified hearing aid dispenser and a Hearing Consultant with the American Hearing Aid Company.

A hearing problem is a family affair. Be sure to bring a family member or a friend... they know about your problem and will be able to help in your evaluation. Remember, a hearing problem itself is more conspicuous than a hearing aid.

The Hearing Consultation will be given by appointment. To avoid waiting, please call American Hearing Aid Company as soon as possible to assure the date and time convenient for you. Call 662-4700.

THIS WEEK'S

HOROSCOPE

BY SALOME

Weekly Tip: Delay finalizing any agreements.

Aries (Mar. 21-Apr. 19) Keep asking a lot of questions concerning your position. Time is on your side. It would be foolish to enter into new arrangements. Keep your promises.

Taurus (Apr. 20-May 20) Anything worthwhile or permanent will only be achieved through your perseverance. Forget about past involvements. Prove your determination.

Gemini (May 21-June 20) Work-related problems and career prospects are not going to be solved now. You cannot afford to allow things to remain the way they are.

Cancer (June 21-July 20) Important changes are taking place. So remain steadfast. There can be an Aries who is not totally involved in your plans, but who could prove quite beneficial.

Leo (July 21-Aug. 22) If you are the typical Leo, your tolerance may be tested now. Chances are your close associates can't see the light concerning your great ideas.

Virgo (Aug. 23-Sept. 22) You may not relish the idea of having to spend too much time on the move, but this is only a phase. Don't back out of plans you made awhile ago.

Libra (Sept. 23-Oct. 22) Matters of a financial nature appear to be your major concern. You may have to sever certain ties. Winds of change are blowing in your direction.

Scorpio (Oct. 23-Nov. 21) Problems have been slowing you down, but you are now facing some terrific upcoming months. Social issues and family matters deserve attention.

Sagittarius (Nov. 22-Dec. 21) Your reputation for being well-balanced and optimistic is being put to the test. Certain individuals are trying to get to your darker character.

Capricorn (Dec. 22-Jan. 19) You can make a few waves and even stamp your foot if it becomes apparent that you are being string along. You can garner relevant facts now.

Aquarius (Jan. 20-Feb. 18) The alignment points to favorable influences on finances. Rethink all long term commitments. Listen to propositions, but don't act on anything.

Pisces (Feb. 19-Mar. 20) You cannot pacify and please everyone, so don't waste time trying. Prioritize your chores and duties so you can get things done most efficiently.

If you were born this week, you are an individual capable of making all sorts of arrangements at once and seeing them through to their completion. This is indeed a desirable character trait, and it should serve you well in your profession, whatever it is. Those fields requiring precise detail, however, would be best for you since this is where you excel.

Metra traffic migrates, attacks parking spaces

by RANDI OSTRO

The strike between the United Transportation Union and the Chicago and North Western Railway could create a parking problem in neighboring towns where abandoned commuters will be migrating.

Many towns have amended Metra Chairman Jeffrey R. Ladd's request to ease up on two-hour parking restrictions and plan to curb excessive traffic in other ways.

In Libertyville, Butler Lake Park on Lake Street is a free lot about three blocks away from the station which Assistant Administrator Jerry Peterson said can probably handle the overflow. "We are asking Metra commuters to use the designated out lots, as opposed to the permit-only lot near the station," he said.

The permit-only lot costs 50 cents a day, but is virtually filled up with regular riders. "We hope they will be good neighbors and be courteous and use the overflow lot," said Peterson.

The Libertyville Village Board rejected Ladd's suggestion to ease up on the two-hour parking restriction because it would negate its very purpose, according to Peterson. "The restriction was put in to protect the residents around the train station."

Currently, a \$5 ticket is issued to violators.

While many towns are worrying about parking overflow, Metra planners are worrying about fitting everyone on the trains.

Chris Knapton, Metra spokesman, said that a new schedule was printed that would add a few trains as well as some "clean up" routes.

Depending on how many riders migrate to Fox Lake, Round Lake, and Grayslake, the trains may be filled to capacity before they even get to Libertyville, Lake Forest, and Deerfield. "That's when we'll start running clean-up trains," Knapton said.

Of Metra's 41,000 riders on the North Western lines, the Waukegan-Chicago line will displace about 12,000 riders. He said that 95 percent of the ridership comes during the morning and evening rush-hour, which affects about 800 Lake Forest riders, 400 Fort Sheridan riders, 1200 Highland Park riders, and 400 Lake Bluff riders.

"All the towns are being very neighborly," Knapton said. "Grayslake said they would relax their restrictions...because who knows, the tables could be turned."

"We predict a 5 a.m. to 10 a.m. rush period," he said.

Fall foliage talk

The Retired Teachers Assn. of Lake County will hold its monthly luncheon meeting at noon on Tuesday, Aug. 9 at the Northern Chalet Restaurant, 1760 N. Milwaukee Ave., Libertyville. The luncheon meeting will highlight Mary Polley of Antioch who will give a slide presentation.

Guidelines for free milk, meals

Students from low-income families can qualify for free or reduced-price meals and milk at the school they attend by filing the proper documentation. Forms for this purpose are available at each school. The program is for all students in kindergarten through high school.

Qualifying students are those from households where income is below established guidelines and households receiving food stamps or Aid to Families With Dependent Children. Additionally,

foster children may be eligible for meal or milk benefits regardless of household income. If in doubt, check with the school the child attends.

Income guidelines per household to qualify for free meals or milk are: one person, \$7,501 annually or \$145 per week; two persons, \$10,049 per year or \$194 per week; three persons, \$12,597 per annum or \$243 weekly; four persons, \$15,145 and \$292; five persons, \$17,693 and \$341; six persons, \$20,241 and \$390; seven persons, \$22,789 and \$439; and eight persons, \$25,337 and \$488.

Guidelines per household to qualify for reduced-price meals or milk are: one person, \$10,675 per year or \$206 per week; two persons, \$14,301 annually or \$276 weekly; three persons, \$17,927 per annum or \$345 weekly; four persons, \$21,553 and \$415; five persons, \$25,179 and \$485; six persons, \$28,805 and \$554; seven persons, \$32,431 and \$624; and eight persons, \$36,057 and \$694.

If a household is not eligible at the present

time, but experiences a decrease in income, an increase in household size or a household

member becomes unemployed, an application should be completed at that time.

Turn on front lights Tuesday

The Lake County Sheriff's Police will participate in a unique crime prevention project called "National Night Out," Sheriff Clinton O. Grinnell announced.

The event, on Tuesday, Aug. 9, is apt of a nationwide crime watch effort to bring law enforcement and the community closer together, Grinnell said.

The project is designed to: (1) heighten crime prevention awareness; (2) generate support for, and participation in, local anticrime efforts; (3) strengthen neighborhood spirit in the crime prevention campaign and; (4) send a message to criminals letting them know that neighborhoods across the USA are organized and fighting back.

Last year, 6,104 communities from across the nation participated in the crime watch effort, the sheriff said. Nationally, close to 17.5 million Americans spent a symbolic hour outside in front of their homes, turned on outside lights, and sponsored activities to promote local prevention programs, Grinnell said.

This will be the fifth annual "Night Out" sponsored by the National Town Watch Association, Wynnewood, Penn.

Reagan hears from grass roots folks

by JOSEPH SOULAK

Having lunch with President Ronald Reagan isn't an everyday occurrence for people like state Rep. Robert Church (R-Lake Villa). But that's what he and 16 other state legislators from 10 states did Aug. 1. He was there as part of an invitation-only meeting of top legislators from select states.

"It was a working lunch in which the president talked to us about issues important to each state, some of the major legislative matters in the states and an assessment of George Bush's chances in the fall election," Churchill said. Throughout the one-and-one-half hour discussion he sat across from the president in the cabinet room next to the oval office. Those attending were party leaders in their respective legislatures such as Churchill, who is House minority whip.

"Reagan seemed to enjoy hearing about things we told him about what was going on back home," Churchill said. "He was very relaxed and in good spirits. You could tell he likes politics and discussions like this that are part of getting the pulse of the public."

While the group ate lunch there was a wide-ranging discussion. This was followed by a question-and-answer period.

Throughout the luncheon Reagan stressed the importance of electing George Bush to continue the policies and programs of his administration. An assessment of the vice president's chances of succeeding the president appeared mixed, Churchill said. Two legislators from Texas said Bush will carry that state, saying "Texas would rather have a president than vice president," according to Churchill. Those from New York said it will be an uphill battle for Bush to win that state. California rates it a tossup. Most other states are rated good for Bush said delegates from Florida, Arizona, Oklahoma, Michigan, Pennsylvania and Wisconsin. As for Illinois, Churchill said he feels most people in this state want a continuation of the president's programs.

Reagan promised during the lunch to work for Bush in this campaign. One way he will do it is by reminding the public he was once a Democrat before

State Rep. Robert Churchill

switching parties prior to being elected governor of California. "Like Reagan, the people of Chicago may feel like Ed Vrodayk that the Democratic Party has left them," Churchill said of that discussion. The president will concentrate on this theme in the next several months. He also plans to be equally vocal and active upon leaving the White House, he told those at the lunch.

As for his legacy, Reagan told the group he wants America and Americans to be proud of their country and themselves, the economy to remain healthy and to continue the return of power to local government.

Reagan reminded the legislators to be particularly vigilant about redistricting following the 1990 census. With proper reapportionment by state legislatures he noted 30 seats in Congress could go to the Republican party if the Democrats do not gerrymander.

Churchill attended the lunch with Sen. Aldo DeAngelis of the suburban Chicago area, his counterpart in the Senate. Both came away warmly impressed with the chief executive.

New village staff insurance

Lindenhurst village employees have a new health insurance plan. It is underwritten by Time Insurance Co.

Employees voted unanimously for the plan over a health main-

tenance program.

New coverage was sought by the village after receiving renewal rates 85 percent higher than the previous year from the former carrier, Blue Cross-Blue Shield.

Along with new coverage that is almost

identical to the former plan, employees will contribute less toward the premium. Instead of paying 75 percent of the premium the first year, 50 percent the second year, 25 percent the third year and 5 percent the last year.

Students sign up for fall

Registration for all Lake Villa Dist. 41 students from kindergarten through eighth grade will be Monday, Aug. 1, and Tuesday, Aug. 9. Signup for the coming year by both new and former students will be at Pleviak School, Rte. 83 and Grand Ave., in Lake Villa from noon to 8 p.m. both days. Evening hours are offered for working parents.

All students must register for the coming year on those two days. New students in the district or those entering kindergarten must bring along a record of immunizations and, if appropriate, transfer records from the school previously attended.

School for the new year begins Friday, Aug. 26, for teachers and Monday

Review plan for asbestos removal

Asbestos is still hanging around Lake Villa grade schools and a good many others throughout Illinois. By Oct. 15 they must come up with a plan for its removal and then proceed to do that over the next four years.

Lake Villa is no exception. It has already called in an expert to identify the asbestos still located in the three district schools. In all but one area this hazardous material has been encapsulated.

Sometime this month Supt. Peter Palombi will meet with representatives of adjoining school districts to discuss training of a school employee for removal of asbestos. A trained employee can remove up to three square feet per day. This is regarded as being more economical than hiring an outside firm to do the work.

FOOT FACTS From The FOOT DOCTOR

Dr. Winters

Dr. Griff J. Winters & Assoc.

Specializing in Reconstructive Foot & Ankle Surgery

Ingrown Nails

The ingrown toenail is caused by the sides of the nail embedding into the skin margins surrounding the nail plate. This is usually compounded from shoe gear that presses the skin into the nail border. At first the skin is often red and swollen, but if left to continue may become infected with a "Pus" discharge.

Treatment of infected ingrown toenails involve removing the offending nail border. This is done in the office under local anesthesia. The patient has instant relief and returns to normal shoes and activities immediately.

(Diagram of ingrown nails)

If you have the above symptoms or any other foot discomfort, you may contact Dr. Winters for a NO COST CONSULTATION to see if there may be an answer to your foot pain.

BEST FOOT FORWARD

FROM THE OFFICE OF
DR. PAUL ABLER
SHOES FOR
TENNIS

Today's tennis shoes provide flexibility, stability and comfort-qualities needed for vigorous footwork on the court. But the player needs to choose a design that best combines those qualities to meet individual needs.

Low-arched feet benefit from shoes with a strong heel counter and good flexibility. High-arched feet call for extra cushioning for better shock absorption. More cushioning, however, may reduce flexibility. So making the right choice often is a matter of balancing the desired qualities.

A foot examination by the podiatrist is a step in the right direction. Along with preventing small problems from becoming big ones, the podiatrist can give professional guidance in selecting the optimum tennis shoe design.

Jaycees to sponsor CPR

The Antioch Jaycees are sponsoring a CPR course to the general

public on Aug. 9 at 7pm.

The course will be taught by members of the Antioch Rescue Squad in the Fire and Rescue Building, according to project chairman Duane Gantz.

Participants may register by calling Duane Gantz at (312) 223-5226.

Rezone park

Property along Grand Ave. in Lake Villa now known as Sherwood Park has been rezoned from CR to a commercial business zone. This allows the property owned by Donald Sherwood to be developed along Grand Ave.

Bristol mall's competitor begins annexation hearings

The annexation of the proposed Gurnee Mills super regional discount mall is expected to begin Aug. 10.

Both the Gurnee, Ill. Plan Commission and the Gurnee Zoning Board of Appeals will hold public hearings at 7:30 p.m. Both meetings will be at Gurnee Village Hall.

In July, Gurnee village officials expressed positive reactions to the decisions made by the Northeast Illinois Plan Commission (NIPC). NIPC's Policy Development Committee and the Area Water Quality Sterring Committee gave approval to Gurnee Mills at hearings.

Gurnee is in competition with a proposed mall for Bristol for some of the same tenants. Gurnee Mills is to be

developed by Western Development Corp. of Washington, D.C.

Earlier, the Lake County Board approved an agreement to change boundaries so the area could have sewer service.

Gurnee Mills is expected to be a 325 acre development which officials hope will bring a further economic boom to Warren Twp. Western Development Corp. officials have said that shoppers will be attracted from both Chicago and Milwaukee.

Some 2,245 construction jobs are expected to be created as well as 2,723 in permanent jobs. Full-time jobs would account for 44 percent of the total and part-time jobs would consist of 56 percent of the total.

Lindenfest has lots of prizes

Lots of prizes will be given away as part of this year's Lindenfest, with runs from Wednesday, Aug. 17, through Sunday, Aug. 21, on the grounds next to the village hall in Lindenhurst.

Given away as the major award will be a \$1,000 U.S. savings bond donated by Red Seal Corp, which is developing Mallard Ridge in the village. Next award will be a 13 inch Zenith color television donated by the Lindenhurst Chamber of Commerce. Third give-

away item is a one-half p.m. on the Lindenfest day fishing charter donated by Nobel Charter Service.

The give away will take place on the final day at 5 p.m. on the Lindenfest grounds. Information about how to qualify for one of the awards may be obtained throughout Lindenfest.
